TENEMENT HOUSE BILL IS PASSED

The Mattingly Bill is Sent Through the Senate This Afternoon.

SENATOR FLEMING HAS NEW MEASURES

One Provides for Opening of Abandoned Schools—The Proceedings.

Indianapolis, Feb. 4.—The Mattingly tenement house bill was passed by the senate this afternoon, the vote standing 36 to 6.

FLEMING'S TWO BILLS.

Indianapolis, Feb. 4.—Senator Fleming, of Fort Wayne, had early today, a bill providing that the state factory inspector shall be elected by the people instead of being appointed by the governor as at present. This bill has been approved by the federation of labor at Fort Wayne. The salary of the chief of the department would be $2,400, that of the chief deputy $1,500; stenographer $600 and other deputies $1,000. The bill calls for five deputies, including one who shall be known as the chief deputy.

Would Reopen Schools.

Another bill of Senator Fleming also would provide for the opening of schools in districts where the schools have been abandoned on account of small attendance. It would provide that such schools be opened provided there be fifteen children of school age in the district and a majority of the patrons petition for the reopening. The bill would provide also for schools in villages where there are fifteen children of school age and where there is no school building within a radius of one mile of the center of population of such villages. Under the act a village would be defined as an unincorporated town having a population of not less than 150 within a radius of one fourth of a mile.

Amend Tenement Bill.

After wrangling for more than an hour on the tenement house bill, the senate this morning adopted an amendment offered by Senator Kistler, which provides that the requirements of the bill shall apply only to cities having a population of 50,000 or more. The bill will come up for passage this afternoon.

In presenting his motion Senator Kistler said that if Indianapolis and Evansville desired to try the experiment of the sanitary tenement house he was willing, but that he did not believe it is practical to enforce the same experiment on other cities.

Senator Durre spoke against the amendment, declaring his willingness to return to his constituents and tell them he had voted for a measure which he believed was beneficial.

Should Not Be Compulsive.

Senator Strange said if Indianapolis desired to have the bill, it ought to have it, but that the other cities should not be compelled to comply with its provisions.

The senate today passed the bill known as the "ins and outs" fees bill, for sheriffs, vetoed by Governor Hanly two years ago. The measure would define more clearly the laws governing sheriffs' fees. The bill was passed by the house yesterday.

The senate committee on criminal code today recommended the passage of Senator Kistler's election bill to prevent the voting of unqualified electors. The bill prescribes that certain questions must be answered by the voter before he casts his ballot.

Many New Bills.

Twenty-three new bills were introduced in the senate this morning. Among them were those providing for election of school trustees in second class cities, including Terre Haute, South Bend, Fort Wayne and Evansville, by Beal; establishing a state library school and authorizing the opening of abandoned schools where the district has more than fifteen pupils, both by Fleming; appropriating $30,000 for the armory of battery B, at Fort Wayne, and allowing one telephone company to lease the property of another, both by Ranke; providing for play grounds to be in charge of school boards in cities of the first, second and third classes, by Stotzenburg, and empowering judges, trying divorce suits, to use discretion as to granting a limited or absolute decree, by Springer.

COUNTY OPTION BILL BEATEN.

St. Paul, Minn., Feb. 4.—The anti-saloon league law, known as the county option bill, was overwhelmingly defeated in the house of representatives today. The vote came on a resolution to adopt a minority report on the matter, which was in favor of the bill, the result of the vote being 44 to 73. The bill was then indefinitely postponed.

WELL KNOWN EDITOR DIES.

Yonkers, N. Y., Feb. 4.—William L. Woodson, formerly of Atlanta, Ga., and for six years an editor of the American Press Association in New York city, died in a hospital here today of injuries which he received in trying to board a moving train last Saturday. He was 55 years old.

ONE ANTI-JAP BILL GETS A MAJORITY

Other Measures in California Assembly are Not Shown Favor.

SEPARATE SCHOOL MEASURE PASSES

Hostile and War-Provoking Bills are Decisively Voted Down.

Sacramento, Feb. 4.—Grove L. Johnson's bill prohibiting aliens from being members of corporations, one of the anti-Japanese bills to which President Roosevelt objects, was refused passage in the assembly by a vote of 54 to 15. This vote shows a heavy falling off of support for the measure since yesterday, when the vote on the Drew anti-alien land bill was 48 noes and 28 ayes.

Johnson's two bills segregating the Japanese were taken up together. One provided for the insertion in the existing law of the word "Japanese," compelling children of that race to attend separate schools as "Mongolians" and "Indians" are compelled to do now.

The other was an act to confer power upon municipalities to protect the health, morals and peace of their inhabitants by restricting undesirable, improper and unhealthy persons and persons whose practices are dangerous to public morals, health and peace to certain prescribed limits.

The first ballot on the residential segregation bill resulted, ayes 38; noes 32. As 41 votes are necessary to pass a measure the speaker issued a call of the house.

Several changes were made in votes after the call was dispensed with and the final vote was 37 to 37, the bill being defeated. Johnson, of Sacramento, changed to "no" and moved to reconsider. The bill compelling Japanese to attend separate schools was passed 46 to 28. Leeds, of Los Angeles, moved to reconsider tomorrow.

DANGER OF WAR AVERTED.

Sacramento, Cal., Feb. 4.—With the defeat of the Drew bill in the assembly yesterday, all hope of passing any of the anti-Japanese measures has been practically abandoned. One of the remarkable features of the defeat of the Drew bill was the fact that it was accomplished in the face of an audience of two thousand people, who wildly applauded every anti-Japanese sentiment uttered. Both sides made dramatic appeals to the packed galleries, and in one of these, Nathan C. Goghlan, a San Francisco assemblyman, who was an opponent of the bill, made a bitter attack on the Japanese. He has a large labor union constituency and his opposition was based on the plea that the bill would

TWO JURORS ARE YET NEEDED IN THE COOPER CASE

Juror Whitworth is Given Freedom—New Venire of 500 Men.

Nashville, Tenn., Feb. 4.—When court opened this morning for the purpose of drawing a new venire for the trial of Colonel Duncan B. Cooper, Robin J. Cooper and John D. Sharp, for the murder of former Senator E. W. Carmack, Judge Hart said:

"There have been intimations in the press that the jury list has been tampered with. I wish to say that the jury box from which the names are drawn is in the custody of Circuit Clerk Lewis Hitt. The names in it were placed there two years ago. It remains sealed and is controlled by Hitt, who was Carmack's campaign manager. I make this statement in justice to everyone concerned."

The court then drew the new venire and sent for Juror Whitworth. The latter was asked to explain his remark that he was against Governor Patterson.

"I said I was against him because of his abuse of the pardoning power and in turning criminals loose."

Judge Anderson, of the defense, cross examined the juror.

Whitworth declared he would much prefer to escape service, but denied any bias.

The court then briefly reviewed the charges and excused Whitworth.

Court then adjourned until Monday at 9 o'clock, when the efforts to secure two more jurors will be resumed.

NOTHING DOING IN ILLINOIS.

Twenty-Seventh Joint Ballot Has No Result.

Springfield, Ill., Feb. 4.—The twenty-seventh joint ballot for United States senator was without incident and showed little change in the relative positions of the several candidates.

A number of absences in the house and senate cut down the vote for Senator Hopkins from 75 to 71, but was not considered to have affected the situation in any degree. Most of the absentees were paired with other legislators.

At the conclusion of the ballot the joint session arose and the balloting will be resumed Tuesday noon.

BEVERIDGE MAKES ADDRESS.

Washington, Feb. 4.—Senator Beveridge spoke briefly in the senate today on his resolution authorizing the postmaster general to test the practicability and expense of a rural parcels post system confined to the rural routes. He explained that his purpose was only to get information in order that an intelligent judgment could be formed as to the value of a parcels post in this country. The proposed test is to be confined to four counties.

DEMOCRATS WILL DISCUSS OPTION

Representatives to Hold a Conference After Adjournment Today.

TOMLINSON BILL TO BE TAKEN UP

Is the Ward and Township Measure—Repealers are Shy One Vote.

Indianapolis, Feb. 4.—A meeting of democratic representatives will be held immediately after adjournment this afternoon. The Tomlinson bill, repealing county option and substituting town and city option, will, its author says, be discussed. The repeal bills are not expected to go before the house today.

THE DAY IN THE HOUSE.

Indianapolis, Feb. 4.—The Kleckner bill to repeal the county local option law and substitute township and ward option did not come before the house of representatives this morning as had been expected. Speaker Honan said the bill would come up on the regular course of business and if handed down for second reading today the bill will not be presented until late this afternoon. Apparently there was no change in the line up of forces this morning, forty-eight democrats standing for the Kleckner bill and eleven against the repeal of county local option.

Ratliffe Holds Balance of Power.

Representative Ratliffe, republican, has up to this time made no announcement of his stand. Ratliffe seems to hold the balance of power, his vote with the republican votes of Schreeder and Hewig, who favor the repeal, being required to make the necessary fifty-one majority. Friends of the Tomlinson bill repealing the county option law and substituting town and city unit, are endeavoring to delay action on the Kleckner bill in the house. While they see no hope of bringing over the temperance democrats, who refuse to repeal the county option law, they believe that Schreeder and Hewig would support their bill in preference to the Kleckner bill because it does not substitute the democratic platform idea of township and ward option.

To pass the Tomlinson bill, however, it would be necessary, its advocates say, to obtain at least four republican votes. Douglass, democrat, has declared he will vote for the Kleckner bill but for no other repeal measure. This would make necessary the votes of Schreeder, Hewig, Ratliffe and one other republican to pass the Tomlinson bill, if the forty-eight democrats who will stand by caucus action support the town and city plan.

Kleckner Bill First.

The Kleckner bill will be the first placed before the house. The Tomlinson bill will probably be second and the author of the latter measure considers this a point in his favor for, he says, if the Kleckner bill meets defeat, his measure may receive the support of the Kleckner bills' friends and the votes of the republicans who would not vote for the democratic platform idea.

Both house and senate devoted much of the morning to amendment of the tenement house bill which was a special order. The legislature adjourned at noon to take up the discussion of the bill this afternoon.

The house completed its consideration of the amendments offered by the committee on public health to which the bill was referred and this afternoon expected to consider further amendments.

MUNCIE WANTS HELP.

Asks Aid in Securing Creation of State Normal School.

It is announced that a delegation of prominent Muncie citizens will reach Fort Wayne late this afternoon in the effort to secure Fort Wayne support of the project to establish a new state educational institution at Muncie.

That city has an elaborate building equipment which it is anxious to have the state accept and maintain as a normal school, and the matter is now before the legislature.

FEAR STEAMER MAY BE LOST.

New York, Feb. 4.—Funch, Eyde & Co., New York agents of the Norwegian steamer Munin which sailed from New York on January 26 for Darien, Ga., said today they had no word from the Munin since she left port. She carried no passengers, but had a crew of twenty-five men. When asked if there was a probability that the Munin was the steamer which went down off Diamond Shoals Lightship last week they said it was possible.

HASKELL'S FRIENDS SAY HE WILL NOT QUIT OFFICE

Rumor of Oklahoma Governor's Intention to Resign Denied.

Guthrie, Okla., Feb. 4.—Friends of Governor Charles N. Haskell denied today the truth of rumors that the state's chief executive would resign his office as a result of the indictment returned against him yesterday by the federal grand jury at Muskogee. Friends of the governor stated that the story was absolutely without foundation in fact.

Governor Haskell said today that he had nothing further to say regarding the charges against him.

The indictments have created a sensation throughout the state. Scores of telegrams expressing loyalty have been received by the governor from friends in various parts of Oklahoma and throughout the country.

WILL HONOR NATIVE SON.

Democrats and Republicans to Unite Lincoln Day in Kentucky.

Louisville, Ky., Feb. 4.—Though politics is admittedly the "damndest in Kentucky," both political parties have united in connection with the Lincoln centennary to be held at Rodgenville, Ky., February 12, when President Roosevelt will speak. State Chairman R. H. Winn and Henry R. Prewitt, both of Mount Sterling, and next door neighbors, have appointed each four members of the conference committee which on Saturday, February 6, will determine what concerted part the republicans and democrats will take in the ceremonies.

BIG REMONSTRANCE FILED.

Fight Looked for On Proposition to Open Eliza Street.

A remonstrance containing 188 names has been filed against the opening of Eliza street, between Francis and Hanna, and a big fight is looked for when the matter comes before the board of public works at its meeting tonight.

The opening of Sturgis street will also come up and although no remonstrance has been filed this afternoon, one has been prepared and will probably be presented.

WILL FIGHT TEN ROUNDS.

New Orleans, Feb. 4.—Abe Attell, of San Francisco, and Eddie Kelly, of New York, will fight a ten-round bout before the Southern Athletic club tonight for the featherweight championship of the world. This will be the third meeting between Attell and Kelly, Attell knocking Kelly out inside of ten rounds on each former occasion. Both men are in fine condition for tonight's fight.

COCK-FIGHTERS RAIDED.

Buffalo, N. Y., Feb. 4.—Sheriff Jerge early today raided a cock-fight on the outskirts of the city. Over one hundred men were arrested and seventy-five dead and alive birds captured.

DESPONDENT AND ILL; ENDED LIFE

A. L. Bond Swallows Poison at His Creighton Avenue Home.

HE WAS A WELL KNOWN CITIZEN

Effort of the Physicians to Avert Fatal End Was Futile.

Broken in health and despondent over the death of a brother to whom he was devotedly attached, Albert L. Bond, formerly a photographer in this city and well known about town, ended his own life by swallowing carbolic acid Wednesday evening at his home, 207 West Creighton avenue. He was 55 years of age.

With his wife, Mr. Bond had a dinner engagement at the home of friends Wednesday evening, Mrs. Bond proceeding early to the home and Mr. Bond planning to join her later. When he did not arrive, it was believed that some business matter had prevented him from appearing at dinner. Still further delay led to the fear that accident had befallen him, and investigation disclosed that he had gone to his home and swallowed the fatal draught. Physicians worked until 1 o'clock this morning in the effort to avert fatal consequences, but it was futile.

Mr. Bond had many friends, and those who knew him most intimately declare that he possessed many fine traits and likable characteristics. His life had been an active one, though not all of his business ventures had been successful. He was at one time believed to be very well to do, but it is said that he lost considerable money in the promotion of a patented device some years ago. Friends have noticed that the death of his brother in New York a few months ago was a blow from which Mr. Bond did not recover, and while he worried greatly over it and was in impaired health, there had been no indication that he contemplated taking his own life. His death is a most severe shock to those who knew him.

Long a Resident Here.

Mr. Bond had been a resident of Fort Wayne for something like twenty-seven years. He was born in New York City, April 9, 1853, lived for a time in Williamsport, and came to Fort Wayne in 1882.

He was a photographer by occupation, but in recent years had followed other line of work. Up to two months ago he was employed as a clerk for the Freiburger Hardware company, and since that time had been a general agent for a Toledo concern.

Surviving relatives in Fort Wayne consist of only the wife and one daughter, Mrs. J. C. Wallace. There is a brother, George J. Bond, in Brooklyn, and two sisters—Mrs. Sam Skelton, of Jacksonville, Fla., and Mrs. Richard Hoile, of Brooklyn. Mr. Bond was a member of Harmony lodge No. 19, I. O. O. F.

RECEIVED FATAL INJURIES IN FALL

Henry Subkowski Died an Hour Later Without Losing Consciousness.

WAS WORKING ON THE THIRD FLOOR

Accident This Morning at New Indiana Furniture Store Building.

Henry Subkowski, member of an old and well-known family in this city, is dead as the result of injuries sustained at 10:40 o'clock this morning while working at the new building being erected on East Main street for the Indiana Furniture company. The unfortunate man was 44 years of age and leaves a family of four children, all of whom live at the home at 2612 Force street.

Subkowski was employed as a day laborer by Contractor Henry C. Kanning and was working on the frame work of the third story in the rear of the building when in some manner unknown to anybody he slipped and plunged straight downward to the basement floor. He was not rendered unconscious and in fact remained in a normal state of mind until his death an hour later at the Lutheran hospital, where he was removed in the police ambulance.

How Skull Was Fractured.

In striking the basement floor he fell against a ladder and it is supposed an ugly gash in the forehead and a fracture of the skull was sustained in this manner. While not certain, the doctors say they do not believe that death was due to the injuries about the head but to internal injuries, as Subkowski kept remarking after he was injured that he was suffering greater pain in the region of his abdomen than about his head.

The manner in which he slipped will probably never be learned for there was no one about at the time and only a few saw him falling. Contractor Kanning believes that Subkowski was endeavoring to pull a wooden plank over an I-beam, but that it was too heavy, turning on him and pulling him downwards. Because of the partially protected condition of the cellar, the ground is still rather hard and his death was very likely due to his heavy impact with the ground, as an internal hemorrhage followed his removal to the hospital.

The remaining workmen at the building were so affected by the accident that they were unable to continue their work and operations were halted for the day.

Was Bass Employe for Long Time.

The dead man was a descendant of a family that made this city its home for a number of years. For the past fifteen years Subkowski had been employed during the winter time as a molder at the Bass foundry and in the summer was engaged with contractors at various jobs here and elsewhere. There are very few laboring men of this city who have not come into contact with him at some time or other and he was known to many others. He was well liked by all and his earnestness while at work always kept him employed when he so desired.

Mr. Subkowski's wife died several years ago, leaving him with four children, who are Ida, Fred, Ernst and Lina Subkowski. Herman and John Subkowski and Mrs. Lina Behrent and Mrs. Mina Schmidt, all of this city, are brothers and sisters of the unfortunate man.

Subkowski was a member of the Bruederliche Unterstuetzungs Verein and of Zion Lutheran church. The remains were removed to the Wellman undertaking rooms.

ACQUITTED OF WIFE MURDER.

Chief Witness Against Chicago Man Was His Son.

Chicago, Feb. 4.—Charles E. Holmes, charged with wife murder against whom the most damaging testimony was given by his 12-year-old son, was declared not guilty by a jury in Judge Brentano's court today. The boy told of awakening suddenly at night and seeing his father choking Mrs. Holmes. Holmes swore his wife died suddenly of apoplexy and that instead of choking her he was endeavoring to steady her when the attack came on.

GOVERNMENT SUES RAILWAY.

Charged With Failure to Observe Quarantine Laws.

Danville, Ill., Feb. 4.—Suits were filed by the government today against four railroads charging violation of the law relative to maintaining of a strict quarantine. It is charged that cattle exposed to "Texas fever" were shipped despite quarantine to the National Stock Yards, Chicago. Eighteen counts are preferred against the Mobile and Ohio and two each against the St. Louis and San Francisco, Louisville and Nashville and Illinois Central.

WIFE LOSES SECOND ROUND IN THE COURTS

Jury Finds in Favor of Traction Companies in Suit.

After having been out since last night the superior court jury in the damage suit of Anna Bill, as administratrix of the estate of Jacob Bill, against the Lima and Toledo and the Ohio Electric companies, returned a verdict at 8 o'clock this morning in favor of the defendants in the suit. This was in line with the finding of Judge Heaton, who set aside a verdict for $2,000 given by a former jury.

Bill was driving in the east end of the city in a sleigh and a traction car was heard and in his confusion he turned on the tracks and was dumped out into a snow drift. A few months later he died and his death was attributed to a dislocated shoulder. Judge R. K. Erwin presided in the second trial.

Filed Own Answer.

C. E. Simmonds, a dentist, against whom Emma Thompson brought a suit for detaining her in his office, alleging that he locked the door and refused to let her out until she had paid a bill, filed his own answer in the action and told Judge Heaton he would not employ an attorney. The case is set for hearing tomorrow.

Monday Last Day.

Monday will be the last day upon which delinquent taxes can be paid without an additional 10 per cent. penalty and there will be no escaping this if property owners fail to settle before that date.

The scheme of advertising the list in the city daily papers this year has proven an excellent investment for the county as many persons have paid up and a great many others have corrected errors by which their real estate got on the delinquent list.

After Monday the property will be offered for sale and the owners will be forced to pay all the penalties, interests and costs to redeem property that is sold or advertised to be sold.

Grand Jury Winding Up.

The grand jury arranged today to visit the county infirmary, jail and other institutions tomorrow morning and it is likely that an adjournment will be taken on Saturday morning. The time today was given to the investigations against persons who are now confined in jail with the probability that some junk dealers in the city who have been buying railroad brass will be called to account.

A Year of Married Life.

After having been married in October, 1907, Edwin C. Holder separated from Anna Holder and filed a suit in the superior court this afternoon for divorce. He alleged cruel treatment and W. C. Ryan filed the complaint.

Olive Shuster secured a divorce today in the superior court from Charles Shuster. The charge against him was that he was drunk for several months before their separation and failed to provide for her.

INVESTIGATING THE NEGROES.

Pittsburg, Feb. 4.—The six negroes arrested here last night in addition to the 126 arrested the night before, as a result of many assaults against young white girls in the Herron Hill district, were discharged following a hearing before a police magistrate today. The negroes proved they were regularly employed and had good reputations. One of the negroes taken into custody Tuesday night, who had in his possession obscene literature and wore woman's undergarments, was fined $25 or thirty days to the workhouse today.

The cases of a dozen others are being investigated.

Racial animosity is in evidence throughout the whole city. Many negroes are inclined to rresent what they term high-handed police methods and are openly defiant. On the other hand the authorities reiterate their intention of running lawless negroes from the city.

GOVERNOR HASKELL IS INDICTED IN LAND CASES

With Others Oklahoma's Executive is in Serious Situation.

Muskogee, Okla., Feb. 4.—Governor Charles N. Haskell was indicted on a charge of conspiracy to defraud the government by the United States grand jury here yesterday. Six other men were included in the indictments returned as a result of the Muskogee town-site land fraud investigation which has been in progress in this city for some time.

The men included in the indictments which were reported to United States District Judge Campbell are:

Charles N. Haskell,
Clarence W. Turner,
Walter R. Eaton,
William T. Hutchings,
Albert Z. English,
Jesse Hill,
Frederick B. Severs.

Three indictments were returned, the first being against Haskell, Turner and Eaton, the second against Hutchings and Turner and the third against English, Severs and Hill.

Many Offenses Charged.

Overt acts to the number of forty-seven in the first indictment, thirteen in the second and ninety-two in the third are set forth as having been committed by the different defendants in pursuance of the conspiracy. These overt acts consisted in the writing of letters, signing of deeds, and the making of payments and accepting patents from the government. In cases where dummies refused to sign quitclaim deeds or demanded money, as was charged in the indictments, forgery of deeds in their names was resorted to, it is charged, to complete the claims of title.

The grand jurors in reporting announced they would have no more such cases at present.

Each one of the indictments first recites that the United States always has exercised official functions in the matter of protecting the Indian tribes in the enjoyment of lands set apart for their use, supervising through the interior department the selling of such lands, when done under the law for such lands, and also taking care of the proceeds for the Indians, and then the act of March 1, 1901, is referred to.

Nation's Law Quoted.

This act provides for the selling of lots in town sites in the Muskogee or Creek Nation reservation at auction to the highest bidders at not less than their appraised value. The act, however, contained a provision in favor of persons already in occupancy of lands within town sites in that it permitted such persons to purchase not more than two lots at one-half of their appraised value.

Under these circumstances it is charged the defendants in violation of Secton 5440 of the Revised Statutes of the United States conspired to manage matters by means of "dummies" that they finally would come into possession of many valuable lots in Muskogee at one-half their appraised value. They were first to schedule with the town-site commission the names of all the persons they could think of in the different parts of the United States, and so set the government machinery in motion which would finally result in the issuance of patents in those names.

Titles Easily Won.

While the machinery was grinding, the defendants, it is charged, would secure quitclaim deeds from those prospective patentees. Having secured record titles, the defendants then would hasten to dispose of the lots to innocent third parties. The result of all this is charged as a fraud upon the United States and also upon the Creek nation, wards of the government.

The writs issued under the indictment all are made returnable forthwith.

Assistant Attorney General Sylvester R. Rush, elated over his success in securing indictments here, left last night for his home in Omaha, Neb. Assistant Attorney General O. E. Pagan, who drew up the indictments, left today for New York city.

Governor to Give Bond.

Attorney Thomas H. Owen, of Muskogee, representing Governor Haskell, made arrangements for the governor Friday morning to enter his appearance and give bond in the sum of $5,000 for appearance for trial. Governor Haskell is at Guthrie, the state capital.

Turner was the first to give bond in the sum of $10,000. Hutchings and Eaton called and gave bond in the sum of $5,000 each. All probably will be arraigned before Judge Campbell

Friday morning. English is in Los Angeles, Cal.

Walter R. Eaton is a brother-in-law of Walter R. Richie, of Lima, Ohio. He is the secretary of the Indianola Contracting company, of which Governor Haskell is president and which, it is alleged, scheduled the names of many "dummies" to secure town lots. James W. Hill came here from Texas and became identified with the Muskogee Development company. It is claimed that he disposed of a large number of lots fraudulently scheduled.

The government has been conducting a widespread investigation into land frauds in many states, in which Oklahoma was included. Secretary of the Interior Garfield recently asked for an appropriation of $1,000,000 for the expenses of the inquiry, charging that $114,000,000 worth of government lands had been fraudulently acquired in various states by corporations. In Oklahoma it was charged that nine inclosures had been discovered showing 302 fraudulent entries relating to more than 110,000 acres of government land, valued at $517,000.

Frauds are being investigated in many other states, among them Arizona, California, Colorado, Michigan, Minnesota, Montana, Nebraska, Nevada, New Mexico, Oregon, South Dakota, Idaho, Washington, Wisconsin and Wyoming.

Haskell's Career in Democracy.

The troubles of Governor Haskell began to gather during the late presidential campaign, in which he seems to have been the lightning rod that drew the lightning upon the dwelling of the democratic party. The more conspicuous he became the more trouble he brought down upon himself and his associates.

Haskell appeared on the scene at the democratic national convention at Denver as the first apostle of Bryan. He was the repository of pure Bryanism and the guardian of the Peerless One's inmost convictions. He was chief executive of the new state that had put pure Bryanism into operation in its state constitution, and he proceeded to take charge of the Bryan forces in the field.

Down here in his own state there had been rumblings of a mysterious and not wholly commendable past in the Haskell history, but the explosions had been only local in character. It was known that he had been pretty close to certain corporations before he migrated to Oklahoma and began to pose as a trust buster and friend of the common people.

As a reward for his services Haskell was made treasurer of the national committee at the instance of Bryan, and it was the Oklahoma governor who launched the plans for financing the democratic campaign.

Storm Breaks About Him.

Along toward the middle of the campaign the storm began to break around Governor Haskell. The democrats were vigorously accusing the republicans of harboring the friends of corporations and the enemies of the workingman, when the republicans suddenly began to ask the democrats about Governor Haskell's record in those particular connections. Also one William Randolph Hearst got on Mr. Haskell's trail, making a few speeches in Oklahoma and charging Haskell with secretly fighting union labor.

Haskell denied he ever had opposed union labor, but a few days later the Tribune printed facsimiles of documents disclosing the signature of Governor Haskell to resolutions of the Citizens' Alliance, organized for the purpose of combating the labor unions. It was shown that he was instrumental in forming the organization. Haskell denied the charge at first, but later admitted its truth.

Following this Hearst exposed the connection of Haskell with the incident of the alleged $500,000 bribe offered Attorney General Monnett, of Ohio, to abandon prosecution of the Standard Oil company. Haskell was named as one of three men cognizant of the bribe offer. He denied this emphatically. Then there were other charges connecting Haskell with questionable actions in the Ohio Southern railway deal.

Trip Down Skids Fast.

In spite of his numerous denials Governor Haskell found himself on the skids. Bryan attempted at first to defend him, but with the accumulation of charges he gave up the undertaking and gave the signal to his lieutenants to rid the democratic ship of its Jonah. Haskell promptly resigned and came back to Oklahoma, where he remained in a state of only semi-eruption during the rest of the campaign.

A few days later President Roosevelt took up Mr. Haskell's case. He charged the governor with giving illegal privileges in connection with its pipe line franchise to the Prairie Oil and Gas company, a Standard Oil concern. At the same time he brought to light the charges that Haskell had been involved in the Muskogee town lot frauds. Half a dozen minor charges of questionable conduct were included in the president's letter. Haskell replied with denials all along the line, and the president a few days later produced more evidence and added more charges.

After this avalanche of national attacks Haskell was left by the wayside and the campaign proceeded. At home, however, he was far from forgotten. The charges against him were taken up, with the result that the present prosecution of the governor was put under way.

be distinctly harmful to labor by driving capital away.

Governor Gillette was highly pleased with the action of the assembly. It is expected he now will proceed with the measure which is designed to obtain an exact census of the Japanese in this state. Most of the opposition to the bill, according to the speeches of its opponents was based either on ground extraneous to the Japanese question or on the argument that its passage would retard rather than hasten the exclusion of the Japanese from this country.

Death of the Bill.

The Drew measure was killed late yesterday when the assembly by a vote of 48 to 28 rejected the bill, which sought to prohibit aliens from owning land in the state.

This was the bill so vigorously opposed by President Roosevelt and former Secretary of State Root, who warned California that such a law would be in violation of the American-Japanese treaty, and would not be recognized by the federal government. The president also pointed out the imminent danger of war with a friendly power should California endeavor to place onerous restrictions on the Japanese not placed on other aliens.

President Roosevelt and Governor Gillette have been in active correspondence as to the text of the proposed California bills and Governor Gillette has been furnished with legal opinions representing the highest authority in the land that the United States government may not accept nor tolerate the enforcement of laws which may be in violation of the letter and spirit of a treaty. The supreme court has persistently held that a treaty is supreme law and no state has the power to pass or enforce any law in violation of a treaty. The alien land ownership bill and the school segregation bill are in opposition to rights guaranteed the Japanese by treaty.

Victory for Roosevelt.

Several of the California legislators, however, seemed determined to defy the president, and it was feared that the alien bill would be passed despite the president's protest. That the assembly has turned down the bill constitutes another victory for Mr. Roosevelt. It is thought here that the probability or possibility of war with Japan has vanished with the killing of the Drew measure.

When debate on the Drew anti-alien land bill was begun in the assembly the galleries were crowded. There were Japanese among the spectators.

Assemblyman Drew opened the debate. He said that in his opinion President Roosevelt had done all he could to help solve the Japanese problem, but had been unsuccessful. The federal government, he said, had an unchallenged right to exercise sole power over immigration, but California also had the right to "protect the integrity of her soil." He was opposed to foreign absentee land ownership, such as caused the adoption of the law in Illinois. It was a question of self-preservation.

WARRING IN ABYSSINIA.

Rivals for Throne of Menelik Are Already Fighting.

Jibuti, French Somaliland, Feb. 4.—A condition of unrest prevails in Abyssinia, according to the latest reports received here. There has been an engagement near Ankober between the followers of Ras Wallie, a brother of the empress, and a detachment under Ras Michael, the father of Lig Yasu, the designated heir to the throne. Ras Michael is minister of war, having been appointed by Emperor Menelik.

The population of the Shoa country is insisting that Dedjas Tafari, a descendant of the Shoa dynasty, be proclaimed heir to the throne.

It is clear Emperor Menelik is a sick man, but the reports of his actual condition are contradictory.

PRESIDENT HAS HIS VETO READY FOR A MEASURE

Spoils Proposition in Census Law Will Get Hard Rap.

Washington, Feb. 4.—General interest was shown among congressmen today over the report that the president intends to veto the census bill on account of its provision excluding three thousand employes of the census in this city from the classified civil service.

If this bill is vetoed it will be the most important measure he has antagonized in that way and if congress should pass it over his veto it will be the first time such action has been taken against his wish.

During the last session of congress the president vetoed a bill for the building of a dam over the Rainy river, Minnesota, on the ground that a state had no right to dispose of water power and that such authority rested solely in the national government. After his veto had been sent to congress an informal announcement was made that this action was the result of a misapprehension and that the president would be glad to have the measure passed, which was done by a two-thirds vote.

The sentiment in congress favoring the census bill in its present form is so extensive that it is generally believed a two-thirds vote can be obtained for it.

MINERS PUT BAN ON SCRAPPING.

While Nasty Mess of Rival Leaders Quarrel Tossed Out.

Indianapolis, Ind., Feb. 4.—The dispute between Thomas L. Lewis, president of the United Mine Workers of America, and John H. Walker, president of the Illinois district, was thrown out of the convention of the organization this morning, after having divided the delegates into camps, striving against each other, giving rise to charges of corruption and betrayal of the organization into the hands of the mine owners and dragging the convention into a third week at an extra expense of nearly $20,000 to the national union.

W. W. White, president of the Iowa district, made a motion to forbid all further discussion of charges and counter charges—to throw them all out of the window and clamp down the lid of the convention. This was offered as a substitute to a motion that a committee of seven be appointed to investigate allegations that certain Ohio officials had "sold out" to mine operators. The substitute was warmly welcomed and adopted.

IT IS NOW THE LAW.

Nashville, Tenn., Feb. 4.—The bill prohibiting the manufacture of intoxicating liquors in this state came up in the house today and was passed over the governor's veto by a vote of 59 to 37. The law goes into effect January 1, 1910.

HOTEL GUESTS DRIVEN OUT.

New York, Feb. 4.—Two hundred guests of the Hotel Albany, Broadway and Forty-first street, were driven from their rooms early today by a fire in the adjoining four-story building occupied by the Rigollette restaurant. The guests assembled in the lobby of the hotel, bringing a motley assortment of valuables and clad in night clothes and scant wraps.

HAVE BERTH FOR LOEB.

Washington, Feb. 4.—Friends of William Loeb, jr., secretary to the president, made the definite statement today that he was to become collector of the port of New York. Mr. Loeb, it also is stated, is to become the confidential political adviser of the next president on New York matters.

FAMOUS PITCHER DEAD.

Waltham, Mass., Feb. 4.—John Clarkson, famous as a baseball pitcher in the days when $10,000 release prices began to be paid between National league clubs, died at the McLean hospital here today from an attack of pneumonia. Clarkson's name developed with his work as a pitcher for the Chicago clubs in the early 80s. His release was purchased for $10,000 by the Boston club in 1887. Clarkson was 48 years old and married.

JAMES M'MILLAN IS DEAD AT GRAND RAPIDS

Former Fort Wayne Man Succumbs to Cancer—The Deaths.

James McMillan, a former resident of Fort Wayne, died at 1:40 o'clock this morning at his home in Grand Rapids, after an illness of two years from cancer. Mr. McMillan was 76 years of age and was a member of Harmony lodge, I. O. O. F., of this city.

Prior to his removal from Fort Wayne about twenty years ago, Mr. McMillan was employed as a boilermaker in the Pennsylvania shops, and he held a similar position in the G. R. & I. shops at Grand Rapids until age forced him to retire. Mr. McMillan is survived by the wife and three children—Walter and Harry McMillan and Mrs. T. H. Haberkorn, of Grand Rapids. Mrs. Peter Hamilton, of Fort Wayne, is a sister.

The remains will be brought to Fort Wayne for interment under the auspices of Harmony lodge, arriving Saturday noon and proceeding directly to Lindenwood.

HETTINGER.

Henry Hettinger, a well known Allen county citizen, died Wednesday afternoon at his home in Monroeville after an extended illness. For two years the aged man had been confined to his bed.

Mr. Hettinger located in Allen county in the early '60s, and at the outbreak of the civil war was one of the first of the Allen county volunteers to respond to the call for troops. After the close of the war Mr. Hettinger embarked in the huckstering business and in this capacity traveled over the county for many years. He was highly respected. Surviving members of the family are the wife and three children—John Hettinger, of Chicago; Frank Hettinger, employed as barn man for Sheriff Reichelderfer, and Miss Blanche Hettinger, who lives at the family home.

WEBSTER.

Ora E. Webster, 28 years of age, son of Mr. and Mrs. Ira Webster, died at 9:30 o'clock this morning at the family home, 732 High street, from an abscess of the lung. He had been ill since October.

The young man was born in Wabash county, but had lived in Fort Wayne since boyhood, and was formerly employed as a stenographer in the R. G. Dun & Co. offices in this city. When Manager F. V. Culbertson was transferred to Toledo, he took young Webster with him to that city as his stenographer. He was a well known young man with many friends. Surviving relatives include the parents, five sisters and a brother—Mrs. Emmet Young, the Misses Fay, Wanda, Naomi and Hazel Webster and Master Merlin Webster.

FUNERAL NOTICES.

Auer.—Funeral services of Charles Auer will be held Friday afternoon at 2 o'clock from the residence, 1412 Broadway.

Bocksberger.—Funeral services of Mrs. Veronica Bocksberger will be held Friday morning at 8:30 from the residence, 1721 Koch street, and at 9 o'clock from the Church of the Precious Blood.

Meyers.—Funeral services of Jacob Meyers will be held Friday afternoon at 2 o'clock from the undertaking rooms of Getz & Cahill.

AN IMPOSING SERVICE ATTENDS RECEPTION OF SISTERS

Bishop Alerding Officiates at St. Joseph's Marking Close of Retreat.

The semiannual retreat of the Order of the Poor Handmaids of Christ at St. Joseph's hospital came to a close this morning. Rt. Rev. Bishop Alerding officated at the solemn service at which seven novices received the habit; twelve of the religious, made their first vows; eleven renewed their vows and seven made their perpetual vows. The ceremonies began promptly at 8:15 o'clock with a sermon by Rt. Rev. Bishop Alerding, who spoke in German. The prelate dwelt thoughtfully upon the devoted and self sacrificing life to which the religious were devoting themselves, emphasizing its duties and obligations and encouraging those who were entering the sisterhood. Later, assisted by his secretary, Rev. William C. Miller, and the hospital chaplain, Rev. Thomas Eisenring, C. PP. S., Bishop Alerding conferred the habit upon the following: Anna Scheiman, Sister M. Servatia; Elizabeth Dulle, Sister M. Cosma; Elizabeth Witt, Sister M. Aniceta; Emma Evart, Sister M. Claudia; Mary Rademacher, Sister M. Virgilia; Theresa Gleisner, Sister M. Leonita; Margaret Harvough, Sister M. Penrosa. After the ceremonies thirty-one sisters who had been here to attend the retreat returned to Chicago. The retreat opened last Friday continuing until the service this morning and was in charge of Rev. Father Russe, a zealous member of the Order of the Precious Blood.

LOCAL JOBBERS KNOW HIM.

St. Louis Man Now a Murderer Used to Sell Tobacco Goods Here.

When a local grocer jobber read an account this morning of the fatal shooting of Clarence J. Jones, a prominent St. Louis mills man, by Herman H. Kretschman he immediately recognized the latter name. Kretschman was for many years a traveling agent for a St. Louis tobacco house and in that capacity made frequent calls upon a number of Fort Wayne jobbers, and although it is ten years since he was here, he is well-remembered by all.

COMMITTEE IS INVESTIGATING.

New Haven Residents Say Fish Are Being Poisoned.

W. L. Lane, John Diler and Frank Becker, appointed by residents of New Haven and property owners along the Maumee river, were in the city today looking up the cause of the death of the fish in the stream with a view of making an effort to remedy it. They made an appointment to take up the matter Saturday with Rodney Fleming, game warden. The killing of the fish is charged to the dye that is allowed to flow into the sewer from the knitting mills.

With grateful acknowledgment for their confidence to the holders of its 9,960,106 Policies, the Metropolitan Life Insurance Company presents the following summary of its condition and affairs for the year ended December 31, 1908, showing it to have been THE BEST YEAR IN THE COMPANY'S HISTORY

RESOURCES

United States, City and R. R. Bonds, and Stocks	$99,630,935.56
Bonds and Mortgages	90,795,319.02
Real Estate	22,444,627.78
Demand Loans on Collateral	2,192,702.00
Cash	4,775,988.79
Loans to Policy-holders	8,966,362.78
Premiums, deferred and in course of collection (net)	5,300,922.97
Accrued Interest, Rents, etc.	2,820,502.29
	$236,927,361.19

ASSETS, $236,927,361.19

The Metropolitan paid its Policy-holders in 1908 for Death Claims, Endowments, Annuities, Paid-up Policies, Dividends, Bonuses, etc., with the amount set aside on their behalf as increased Reserve

$50,656,701.34

It has paid to its Policy-holders since organization, plus the amount invested and now on hand for their security

$470,366,769.36

OBLIGATIONS

Dividends Apportioned, payable 1909, on Participating Policies, Intermediate Branch	$1,382,722.00
Same on Participating Policies, Ordinary Dept. (NOTE. Nearly all this Company's Ordinary Policies are Non-Participating—issued at low rates of premium.)	104,203.73
Bonuses Apportioned, payable 1909, on Industrial Policies	2,650,000.00
	$4,136,925.73
Reinsurance Fund and Special Reserve	208,134,891.00
All other Liabilities	2,532,637.34
Capital and Surplus	22,122,907.12
	$236,927,361.19

A REASONABLE INDICATION OF THE DESERVED POPULARITY of its plans and of faith in its management may be fairly claimed in the number of Metropolitan policies in force. It is not only greater than that of any other company in America, but greater than that of all the other regular companies combined, less one. It exceeds, in fact, the COMBINED POPULATION of 24 of the States and Territories out of the 52 forming the American Union; and as to CITIES, it exceeds the combined population of Greater New York, Chicago, Philadelphia, Boston, St. Louis, Cleveland, Cincinnati, San Francisco, Pittsburgh, Baltimore, New Orleans and Buffalo.

The Metropolitan has more premium paying business in force in the United States than any other company.

The Metropolitan has in force one-third of all the legal reserve policies in force in the United States. Its Industrial policies in force nearly equal in number all the Industrial policies of all the other companies in the country combined.

ORDINARY DEPARTMENT

INSURANCE IN FORCE, $526,939,378

The Company issues policies for from $1,000 to $1,000,000 on individual lives, premiums payable quarterly, semi-annually or annually.

All policies are non-participating. They are plain business contracts which tell their whole story on their face; leave nothing to the imagination; borrow nothing from hope; require definite conditions and make definite promises in dollars and cents.

PREMIUMS ARE LOWER THAN ARE OFFERED BY ANY OTHER COMPANY

In the Intermediate Branch policies are adapted to the working classes. Each policy is for $500 and the rate lower than that offered by the Savings Bank system of Massachusetts. Two of the Metropolitan's Intermediate forms recently standardized by the New York and Massachusetts Departments provide for attractive combinations of insurance and annuities at the lowest rates offered anywhere.

The Ratio of Expense to Premium Income was the Lowest in the Company's History

being over 8 per cent. less than five years ago and more than 15 per cent. less than ten years ago

The Company wrote more business in 1908 than any other Company in the world, and this for the fifteenth consecutive year

The number of policies paid in 1908 averaged one for each sixty-five seconds of each business day of 8 hours, and in amount $128.48 a minute, the year through.

The value and timeliness of its policy payments may be gleaned from the fact that of the claims paid during the year, 3,479 were under polices less than three months old, 6,890 were on policies under 6 months, and 12,806 were within the first year of insurance.

INDUSTRIAL DEPARTMENT

INSURANCE IN FORCE, $1,334,951,425

Number of Industrial policies in force, 9,301,001—insuring over six and a half millions of individual lives in the families of wage-earners. While the contracts are and always have been non-participating, the Company will this year have spent nearly EIGHTEEN millions of dollars in voluntary bonuses and concessions to the holders of these policies in thirteen years.

Cash bonuses on all whole life policies are annually allowed, amounting to over 8 per cent. of the premiums for a year. Additions of from 5 to 30 per cent. are made to policies maturing as claims, according to time policies have persisted. By the Company's present practice whole life policies are made free after age 75 or paid as endowments at age 80.

Industrial Insurance is Family Insurance, covering all ages from 1 to 70 on life, endowment and annuity plans.

NEWSBOYS RACE OF SIX MONTHS CLOSED

Edwin Maier and Phillip Klein Lads to be Taken to Washington.

Enthusiasm unbounded reigned in the realm of Fort Wayne's newsboys last evening and it was all because of the closing hours of the annual contest conducted by Charles Phelps that has extended over the past six months. The results announced at 8 o'clock showed that Edwin Maier and Philip Klein had won the two highest places, the prizes for which are inaugural trips to Washington. The fight for the high places was among a triumvirate of well-known news lads and Traynor Johnston, although well in the lead for the past few days, was the one that dropped to third place. His prize is a handsome gold watch and chain, something that will always remind him of his newsboy career in Fort Wayne.

While the race for the remainder of the ten first positions was spirited, the contestants stood at the close just about as they had for the past several weeks. The other prize winners and their rewards are as follows: Fourth, Teddy Hohnhouse, a nickel-plated watch and gold chain; fifth, Albert Zweig, a gun metal watch and chain; sixth, William Stollings, a gold ring; seventh, Edward Kohler, a punching bag and searchlight; eighth, Harry Winters, boxing gloves and sweater; ninth, George Bashara, a glove and sweater; tenth, Moury Stewry, air rifle and ball bat.

The total votes secured by Maier was 71,087 and Klein's total was 62,396. Johnston's vote was 17,000 below Maier's and the others extended on down, the number obtained by young Stewry being 12,333.

An invitation has been extended to Mr. Phelps by the Cincinnati Taft club for himself and boys to accompany its special train to Washington and he has decided to accept the invitation. The local party will leave here Monday afternoon, the 1st of March, and the special train will depart from Cincinnati on Tuesday. On the way to the capital city the party will stop at Huntington and Gordonsville, W. Va., arriving in Washington Wednesday morning. Autos will then convey the party about the city and after lunch a visit will be made to the congressional library. Thursday morning will be spent in sight-seeing and in the afternoon the inauguration will be attended. The Fort Wayne boys will march in the parade and will be accorded special privileges during their entire time in Washington. Friday will be spent in visits to Mt. Vernon and to the public buildings and on Saturday a visit will be made to the naval academy in Annapolis. The Hotel Maryland will be the stopping place while in Maryland and the party will return to Washington on Saturday for a theater party in the evening. Then on Sunday the return home will be made. Mr. Phelps and the two winners arriving here Monday.

Within two years Mr. Phelps will have taken ten of "his boys," as he calls them, on extended trips and he then proposes forming a club of their own. All of the boys who took part in the contest just closed have been selling papers for many years. Edwin Maier is a son of Sigmund Maier, living at 1027 East Wayne street, and is attending the Harmer school. He has been selling papers for six years, while Philip Klein has been calling papers for two years. He is a son of Conrad Klein and his home is at 1711 Lafayette street. The Johnston lad has been selling for eight years and his home is on Walter street, his father being John C. Johnston.

MEDICS AND LAWYERS TO MEET.

Noted Chicago Doctor to Address Joint Meeting February 16th.

Prof. Harold N. Moyer, of the Rush Medical school in Chicago, one of the most famous medical experts in the country, has accepted an invitation to appear here on the 16th of February and address a joint meeting of the Allen County Medical society, the Blackford Law club and the Allen County Bar association. This meeting has been planned by the medical society. Judge Allen Zollars, of this city, will also make an address, his talk to be from the standpoint of a lawyer, and Prof. Moyer's from that of a physician. Both the addresses will be along the line of general "Medical Expert Testimony."

PRESIDENT OF MILLS IS SLAIN.

Shot in His Office by Former Secretary Who Wanted Reinstatement.

St. Louis, Mo., Feb. 4.—Clarence H. Jones, 59 years of age, president of the Commonwealth Feed Mills company and a brother of Police Commissioner George P. Jones, was shot three times and killed in his office yesterday afternoon. Herman A. Kretschmar, 59 years of age, former secretary of the company, was arrested and admits the shooting. The killing followed a quarrel after the discharge of Kretschmar. He told the police he is a poor man, and, after losing his position, was unable to obtain employment. He had little money, he said, and brooded over his condition. He visited Jones to demand reinstatement. When this was refused he shot Jones.

I Cure Pelvic, Nervous and Chronic Diseases

NO MAN CAN AFFORD TO RUN THE RISK OF FAILURE BECAUSE OF BEING HANDICAPPED BY DISEASE.

READ THIS

Decatur, Ind.

DR. W. E. HARDMAN, Fort Wayne, Ind.:

I have been afflicted with bladder trouble and prostate enlargement for fourteen years, and although I have consulted with and been treated by a number of physicians I have received no benefit whatever until I began treatment with you. I can truthfully say that I consider myself almost a well man. I have taken your treatment less than three months and am confident that whenever you undertake to treat a case you will accomplish a cure.

If my experience will be of any benefit to any sufferer I can cheerfully and conscientiously recommend the service of Dr. W. E. Hardman, as I believe he thoroughly understands every detail of his business. H. V. SPRAGUE.

EVERY MAN who does less than he should do at his desk, in the shop or on the farm is weak in some way. I have found that the man who cannot accomplish all he expects or hopes for is often the silent sufferer from some hidden diseases that affects one or more of the important nerve centers of the body.

These neglected or unknown conditions are usually diseases of the pelvic organs which reflexly act on the organs of digestion, of elimination and the nervous system, which in turn has its influence on the brain. I have made a special study of the nervous system, and have perfected methods that will CURE Pelvic Diseases.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of chronic or imperfectly treated PELVIC DISEASES, such as VARICOCELE, PILES, FISTULA, STRICTURE, etc. I not only remove the cause, but my many years of experience in the treatment of nervous and pelvic diseases enable me by my special methods to revitalize the entire nervous system and to restore to perfect health all sufferers from NERVOUS BREAKDOWN AND VITAL WEAKNESS.

EXAMINATION—My facilities for examination are unexcelled. I learn the exact condition of the rectum, the bladder and every organ of the genito-urinary system. This in itself is of the highest importance, inasmuch as a broken down nervous system and many more of the troubles of the STOMACH, LIVER, KIDNEYS, ETC., are reflex, and are the direct results of some PELVIC LESION OR DISEASE.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of Blood poison and kindred diseases.

ECZEMA and other skin diseases quickly cured.

PROSTATIC ENLARGEMENT—Results from inflammation. I reduce the enlargement and have been able to cure about 90 per cent. of all cases.

CONSULTATION AND ALL COMMUNICATIONS STRICTLY CONFIDENTIAL.

So it's you again, Governor Haskell, they say is a more or less rascal? Fate's leagued T. R. and William Hearst: cheer up! To come is yet the worst.

Judged by the counties that already have voted under the option law, that act has the endorsement of not less than three-fifths of the voters of the state. Upon what sentiment is the proposal for its repeal based?

Good thing California has a bunch of sober second thinkers in her legislature. The average state legislative body has generally an infinite capacity for mischief, but the California assembly is in position to do things whereof the consequences might be staggering.

It is not every labor union that can indulge the luxury the United Mine Workers of America are enjoying by proxy at Indianapolis. As a continuous performance scrap its like has not been seen in any body of men recently together. It would seem that the mere item of the expense of maintaining some twelve hundred men away from home ought to counsel some expedition in the transaction of business. However, we're not kicking for the miners if they are not for themselves.

Having sat down upon the California legislature, sniffed contemptuously at the Nevada solons and assured Japan that whatever is done must be looked upon as the outbreak of a section and not as manifesting the feeling of the country, Theodore Roosevelt can add to his well won title of the great international peacemaker the equally happy and honorable title of the great averter.

The Howard county board of commissioners have just peremptorily refused to grant licenses to four or five applicants in the city of Kokomo on the ground that as a local option election is to be held in that county on the 23d inst. it is not expedient to issue any licenses. The board of commissioners of that county are acting on their judgment and employing the powers of discretion the law gives them. The courts may overrule this decision on the appeal that has been taken, but it shows that the members of the board have some appreciation of their official dignity and responsibility and are not afraid to assume responsibility.

The woes of Charles N. Haskell do multiply. The plague of troubles did not come upon patient Job much more thickly. Verily, the governor of Oklahoma and late treasurer of the democratic national committee has been marked by melancholy for her own. Atop his numerous afflictions comes an indictment by a federal grand jury for public land frauds. May not be guilty; probably will himself admit he is not. But to be put under a fresh variety of accusations and under formal indictment is something new, something worse. Of course the versatile executive of the newest and most resplendent state will lose no time blaming Theodore Roosevelt and William Randolph Hearst, with whom he has an implacable quarrel. Still it is sad, even if not true. Haskell started out with rather dazzling splendor.

To just what degree the relations between this country and Japan have been strained by the renewed outburst of anti-Japanese feeling in California has been pretty well concealed by diplomatic agencies, but that the situation was potential of immediate and perhaps grave difficulties could have no better evidence than the vigorous and unusual manner in which President Roosevelt interested himself to prevent the enactment by the California legislature of measures to prevent alien ownership of soil, a measure aimed specifically at the Japanese. That measure has been defeated and it must be regarded as removing a very serious menace to the peace of the world. Without regard to the merit of the proposed measure, the time is most unpropitious for legislation so distinctly hostile to and so directly purposed against Japan. There is no issue between the two nations that should in the remotest degree be freighted with menace of war. Yet the California jingoes could very easily bring about such a condition as they perhaps would not later like to be answerable for. Very happily a large majority of the California legislators were amenable to sober reasoning.

EXPLAINS PUBLIC PLAYGROUND MATTER

Officers of the Committee Set Forth the Purposes of Coming Meeting.

In regard to the play-ground meeting arranged for the evening of Feb. 15th, at the public library, the play-ground committee, which is formed for this special object by the union of the civic department of the Woman's League, and a number of interested persons at large, wish to say that the meeting is called for free, open discussion of the subject of a public play-ground for Fort Wayne's children, and anyone present will be invited to express his ideas, or to ask questions should he come uninformed.

Ways and means, as well as the method and ethics of the public play-ground will be subject matter without doubt, yet we wish it known that the specific object of this meeting is the crystallization of scattered public sentiment, and not the raising of money. Money is, of course, a large and necessary factor in securing and maintaining a play-ground, but the committee, regarding the play-ground as a public necessity in a city of our size and rapid growth, do not believe that so important a project should be left entirely to the chances of occasional generosity or philanthropy—valuable as are these sources of aid, nor, far less, be regarded in the least degree as a charity. The public play-ground is a public duty, in the same sense that pure water, good schools, good pavements, clean streets and good lighting are public duties. The ablest men and women in our country are of this opinion. Newell Dwight Hillis says: "One thing, therefore, is vital, the play-ground. * * * A school house for the mind, with no play-ground for the body, is a form of folly."

The seed time is with us. We shall reap what we sow.

Play-ground committee,
Dr. L. Park Drayer, Chairman.
Mrs. Sam R. Taylor, Secretary.

LOS ANGELES REFORMERS WIN.

Charter Amendments Allow City to Acquire All Public Utilities.

Los Angeles, Cal., Feb. 4.—The reform element of Los Angeles won a substantial victory in yesterday's election. Amendments to the city charter were adopted, enabling the city to acquire and operate all public utilities; providing for consolidation of Los Angeles and adjoining cities and enabling the city to take important steps with reference to a harbor. All propositions for increasing the salaries of the city officers were overwhelmingly voted down, as was a proposed amendment to extend the life of public franchises from twenty-one to thirty-five years.

THE METROPOLITAN LIFE INSURANCE COMPANY.

For the information of its army of policy-holders, the Metropolitan Life Insurance company, of New York, has issued a statement of its standing at the end of the year 1908.

The magnitude of the company's operations is astounding. For example, the mind can scarcely comprehend the significance of the statement that the total amount of outstanding policies at the end of the year was $1,861,890,803, but we can easily grasp the no less astonishing fact that during the business hours of every day in the year an average of 6,343 new policies were issued and paid for. Every day—taking the average for the year—144 persons received from the company the full value in cash of policies which had been carried for their benefit. Every day the company paid out to its policy holders and added to the policy-paying fund (reserve fund) more than $166,000. The value of property owned and acquired by the Metropolitan Life during 1908 increased at the rate of $127,000 per day. A policy-holder of the company dies every six minutes, and the company pays during business hours a death claim on the average every sixty-two seconds.

The company owns nearly one hundred millions' dollars worth of United States bonds, city bonds, and railroad bonds and stocks; more than ninety millions of bonds and mortgages; more than twenty-two millions of real estate, and much other tangible property, all held as assets available for the payment of its obligations. Nearly ten million policies (9,960,106) are carried by individuals in the Metropolitan Life. If these policy-holders were gathered into one community they would constitute a city of more than the combined population of the twelve largest cities in the United States. Instead of leading its policy-holders to hope for more than they eventually receive, the company has voluntarily taken a directly opposite course. Within the past few years it has distributed sums amounting to nearly eighteen millions of dollars among its policy-holders in bonuses in addition to what the policies promised. This has been done under no other obligation than a moral conviction that the company should share its prosperity with those who contribute toward is success.

The confidence and good will secured under this enlightened policy account for the fact that for fifteen consecutive years, including 1908, the Metropolitan Life has received more new business than any other insurance company in the world.

SENATOR FLEMING CALLED UNCLE NATE LIAR

Senator Hawkins Arouses the Ire of Fort Wayne Member of Body.

Indianapolis, Feb. 4.—The lie was passed on the floor of the state senate yesterday afternoon when Senator Stephen B. Fleming (Dem.) of Fort Wayne took exception to remarks reflecting upon his alleged methods in the recent political campaign made by Senator Nathan B. Hawkins, of Portland.

"He is not stating a truth, but a falsehood. In plain words, he lies," were the words of the Fort Wayne senator.

As the discussion of the William H. Drapier claim grew personal to the extent that the claim was for the time forgotten and this climax was reached, the senate was in a state of intense excitement, though several members had continued to goad Senator Hawkins to the point of his attacks upon Fleming and others which led up to the passing of the lie.

The Drapier claim bill was finally passed by a vote of 29 to 18, but not until it had been amended so that Drapier could not be allowed interest on the claim, this amendment being presented by Senator Harlan, of Marion county, who, after the bill was so amended, supported the measure.

A number of speeches had been made when Hawkins arose to oppose the measure. He declared that a report of a committee—Senators Wood, Cox and Stotsenburg—made at the morning session recommending the payment of the claim, was "against all reason."

Launches Into Personalities.

He then launched immediately into personalities, referring to the fact that Senators Kistler and Stotsenburg, the democratic leaders in the senate, were supporting the measure.

He called them 'the 'Democratic Siamese twins," then proceeded at once to separate them, so far as the purposes of his speech were concerned, and to give all of his attention to Senator Kistler.

He charged that Kistler, the duly chosen democratic floor leader, had throughout the recent campaign chosen to make speeches about the extravagance of the senate, but that he had been ready, right along, to support salary increase bills and other such measures.

"I arise to a point of order!" said Senator Bland (Rep.), when he believed that Senator Hawkins was going too far in his speech.

"Oh, let him go on!" called Kistler, and Bland took his seat. And Hawkins did go on. He accused Kistler of speaking against salary increases in the recent campaign, but said he had voted for and supported a measure to increase the salaries of county recorders.

"Point of order! Point of order!" called Kistler, and was recognized. He was laughing. "Now that the gentleman has mentioned the recent campaign I want it understood that I have not since the last session been defeated for any office." He referred to the race Hawkins made against J. A. M. Adair for a seat in congress.

"I have been," called Hawkins. "I was defeated—by the democrats and the brewers!"

Fleming had arisen from his seat east of the center of the chamber and had walked over to a point near Hawkin's seat, which is on the extreme west side of the chamber. As he went, Hawkins had said: "But I am not a candidate now and do not expect to be a candidate for anything."

"Good! Good!" came from the neighborhood of Kistler's seat, if not from that senator himself. "I am glad to hear that you are over it."

Fleming Propounds Question.

Fleming by this time had arrived within a few feet of the excited speaker, and, smiling, he said: "I would like for the gentleman to tell us, while he is talking about brewers, if it is not a fact that he lost Hartford township, Adams county, where Berne is situated, the strongest temperance township in the congressional district?"

"As I said before," retorted Hawkins, speaking in a loud voice, "I was defeated by the democrats and the brewers and the gentleman from Allen (Fleming) came down there through Adams county in his big automobile, leaving a trail of beer behind him."

Fleming's smile was gone in a flash. His face was red. He stepped a pace or two nearer the speaker and, turning his head on one side in a fashion peculiar to him, he shook his forefinger at Hawkins and said: "He is not stating a truth, but a falsehood. In plain words, he lies."

President Hall, pounding with his gavel, called the senators to order, instructing Hawkins to confine himself to the subject under discussion.

"Then," said Hawkins, "I'll return to Kistler," and members of the senate laughed.

Further, Hawkins declared that Kistler was the father of the "three-mile-road law" which has caused so much unfavorable comment since its passage two years ago and to this Kistler objected.

"Now, Mr. President, the gentleman probably knows no better than that," he said, "but if he knew anything at all he would know that is not so."

Fleming Again Hits Hawkins.

When his name was called on the passage of the bill Senator Fleming said:

"Mr. President, I would like to say in explanation of my vote on this bill that it had been my intention to vote against it, but since I have heard the illogical and asinine arguments of the gentleman from Jay (Hawkins) I have decided to vote for it."

A few minutes later President Hall suggested, after the result of the vote on the measure had been announced, that the senators might care then to withdraw the remarks they had made in the heat of the debate. He looked toward Kistler. The democratic leader laughed.

"Why, I have nothing to take back," he said.

"I have nothing to withdraw," said Hawkins when the president looked toward him.

Fleming said nothing, glancing up and smiling. He had said a moment before in a private conversation, however, that he would make no apology, declaring that he had said nothing which the circumstances did not justify.

Following adjournment Charles Roemler, a former member of the senate, who represents Drapier in the matter, engaged in a conversation with Hawkins and the senator declared that he would accomplish the defeat of the measure in the house if he could. He declared to Mr. Roemler that he had meant nothing personal when he spoke in his speech of how he considered the measure a "steal."

Senator Hawkins got into the thick of the fight very early in the game, when he arose and in loud tones chided Senator Cox, author of the bill, for saying he understood that Drapier was now blind. He said this was not the case and offered to prove it. Cox met the sally with a smile and told Hawkins that if he said Drapier were not blind he was willing to take his word for it.

The resolution was adopted after striking out the provision for interest in the claim.

QUIT BUSINESS TONIGHT.

Last Two Saloons in Bluffton Will Close Their Doors.

Bluffton, Ind., Feb. 4.—Tomorrow morning Bluffton will be without saloons. Since the filing of the remonstrances a year ago the saloons have been dropping out one at a time. Commencing with the first of the year but two were left, they being the Clark and the Ditzler saloons. These two booze bazaars will go out of commission at 11 o'clock tonight.

Electric Talks

No. 23

Present Street Lighting in Danger

It is **BAD ENOUGH** to have extensions of Fort Wayne's street lighting blocked by commercial lighting experiments.

It is **WORSE** where these experiments so tie up money in mere installations that the City cannot even get back a new dollar for an old one and is forced into a losing game.

It is **STILL WORSE** when these money-out-of-pocket installations not only prevent proper and urgently needed extensions of the street lighting, but **ENDANGER WHAT LITTLE EFFICIENCY NOW EXISTS** in the street illumination of a half-lighted City.

The more commercial and private lighting business undertaken by the City the surer is the present municipal plant to get us into trouble with even what meager street lighting we have.

The amount of electric current in any lighting plant **IS LIMITED.** That in Fort Wayne's municipal plant is especially so. For, with the bad showing in street lighting to date and in the financial end of the proposition, it would be **IDLE TO ASK** our citizens for **MORE MONEY** to sink with what has already gone. Then, too, the **FORTUNATE-FEW** policy will not enthuse the **UNFORTUNATE MANY.**

Now with increasing demands on the commercial lighting current—which can be enforced by suits on contract—and a limited amount of electric current generated, what happens as the margin between supply and demand grows less?

What happens in the **SHORT DAYS** or the darker days of the winter when the streets, as well as the private customers, demand **EARLIER EVENING LIGHTING?**

In these hours between daylight and evening darkness comes the crucial test of the electric plant's capacity. Here is the "peak load," when on the chart that represents the daily load of electric current the load line rises to its highest peak. Now comes the shortage in current.

Does the City—the public, the taxpayers who established the lighting plant—suffer, or does the member of the **FORTUNATE FEW** who holds a contract and will not hesitate to make good his claim for damages for every minute of loss?

Does the fellow with a valid damage claim measurable in dollars or the general public with a grievance based on considerations for safety, comfort and justice get the lighting current?

Is this **CONFLICT OF PUBLIC AND PRIVATE INTERESTS** likely to occur in Fort Wayne as it has in so many other cities?

Let us tell you something. Last week a present user of current in this City was asked by the municipal lighting officials to give them his contract and offered, as the customer states, **TO GUARANTEE** that the City would **NOT TAKE ON SUFFICIENT LOAD** to endanger his requisite supply of current. If this be so—**THINK WHAT THIS MEANS!** The City willing to enter into a written guarantee that **PUBLIC LIGHTING SHALL BE SUBORDINATED** to private contracts.

Was the inducement for this guarantee a **FANCY** price for current?

You shall judge. Remember, the City administration has gone on record to the effect that six to eight cents per kilowatt hour is its rate and is a fair rate. It is stated at the city hall that many applications (from the unfavored many, of course) for lighting at that rate lie unacted upon.

THIS CONTRACT, however, was solicited and offered **AT ABOUT HALF THAT!**

This subject is worth a good deal of thought by the general taxpayer.

TRINITY M. E. CHURCH SERVICES

Meetings Continued on Account of the Great Interest Shown.

So great was the attendance and so promising the outlook at the evangelistic meeting at Trinity Methodist Episcopal church Wednesday evening, that Rev. W. Pope Herron decided to continue the gospel services. This evening the pastor will preach on "Kadesh Barnea." At the Wednesday evening service "The Last Step" was the subject, the pastor taking the case of the rich young ruler as the concrete case and example of what is taking place in Fort Wayne every day. This young man had a great deal in his favor and very much that was commendable in his character, but he failed in taking the last step and therefore failed completely.

BAPTIST CHURCH MEETINGS.

Revival Opens With Eloquent Sermon by Rev. John F. Vichert.

A series of special meetings at the First Baptist church opened on Wednesday evening under most favorable auspices. An eloquent sermon entitled "Limiting God" was preached by the pastor, Rev. John F. Vichert. There was an excellent attendance and interest and co-operation in the work was manifest. Vocal selections during the service were rendered by Miss Carter. This evening the pastor will speak on "An Experiment in Religion," and Clint Willson will sing. Rev. W. E. Hatcher, LL. D., of Richmond, Va., who has been secured to conduct the meetings, will arrive in the city the close of the week, from Franklin, Ind., and will preach at both the morning and evening service next Sunday.

IN BEHALF OF TEMPERANCE.

W. C. T. U. Members Hold Large and Important Meeting.

The meeting of the members of the Women's Christian Temperance union on Wednesday afternoon at the home of Mrs. Charles Gumpper, 1023 Washington boulevard west, was the occasion of a large and enthusiastic gathering. Fifty letters were ordered written to the house of representatives and to be signed by the voters of Allen county, providing for the prohibition of the manufacture and sale of alcoholic liquors as a beverage. Temperance topics were discussed and later dainty refreshments were served by the hostess.

A QUESTION OF IMPORT.

Powerful Sermon Preached by Rev. Wise at Bethel Church.

That great question "How Shall We Escape if We Neglect So Great Salvation?" Heb. 2 chapter, 3 verse, was the subject of a most thoughtful and powerful sermon preached at Bethel Evangelical church Wednesday evening by Rev. J. J. Wise, presiding elder of the Fort Wayne district. Primarily he pointed out that the greatness of this salvation is seen in what it cost to make it possible; and also in its adaptability and power to accomplish it. Yet it remained for man to appropriate by effort all that is offered him in the gospel. The speaker emphasized the fact that one need not indulge in gross sins to forfeit the benefits and privileges afforded, but simply neglect to take the correct attitude towards Christ. To do nothing means to lose. Vocal selections were rendered by Mrs. Cantdell during the service. This evening Rev. E. Q. Laudeman will deliver a sermon on "An Ideal Ladder," basing his effort on the text from Gen. 28 chapter, 12 verse. There will be special music at the service. The attendance at the meeting on Wednesday evening was the largest since the opening of the revival on Sunday. There has been a number of decisions for Christ and much interest is being shown in the work. It is expected that the revival will continue for two or three weeks

C. B. L. OF I. INSTALLATION.

Affair Was Attended by Social Session and Card Party.

The joint installation of officers of St. Peter's and St. Rose councils of the Catholic Benevolent League of Indiana, at St. Peter's Catholic school hall, Wednesday evening, was attended by upwards of one hundred and fifty members of the two councils. It was a very enjoyable affair and following the installation progressive pedro was played. Ladies' first prize was received by Mrs. Mathias Junk, the second prize by Miss Bertha DeTurk and the consolation award by Mrs. Mary Lill. Gent's first prize was won by Frank Kleinrichert, the second by George W. Freiburger and the consolation by Theodore Schmitz.

A SPLENDID GATHERING.

Two Hundred Young People Participate in Social Function at St. Mary's Hall.

One of the most delightful gatherings of young people this season was held on Wednesday evening at St. Mary's Catholic school hall, when the members of the St. Rose Young Ladies' sodality were entertained by the St. Aloysius' Young Men's society. Fully two hundred young men and women of the parish crowded the hall. Progressive pedro was played, at which ladies' first prize was won by Miss Clara Diedrich. Miss Coletta Nern received the second prize. Gent's first prize was captured by Carl Burlage and Edward Disser received the second prize. An inviting lunch was served after the card games and music was furnished by St. Mary's orchestra. The committee in charge of the affair was as follows: Charles Allgeier, chairman; Albert Luley, Henry Greven, Aloysius Brink, Frank Kappel, Oscar Aukenbruck and Harry Weigand.

REV. FOX WILL PARTICIPATE.

Leaves to Attend Anniversary Celebration at Former Charge.

Rev. Frank M. Fox, D. D., pastor of the Third Presbyterian church left at noon for Terre Haute, where he will participate in the twenty-fifth anniversary celebration of the Washington Avenue Presbyterian church. Previous to his advent in this city about three and a half years ago, Dr. Fox was pastor of the Terre Haute church for over five years. Hence it is with great pleasure that he pays a visit to this festivity at his former charge. He will be absent from the city until the beginning of next week. Rev. N. C. Shirey, superintendent of the Fort Wayne district of the Anti-Saloon league will occupy the pulpit of the Third Presbyterian church at the Sunday morning service. In the evening the members of the Young People's Society of Christian Endeavor will observe the twenty-eighth anniversary of the organization of the society in the United States. A program of considerable interest will be given and E. A. K. Hackett will speak.

At the mid-week devotional service at the Third Presbyterian church on Wednesday evening, Dr. Fox spoke on a missionary topic, "The Aborigines of United States and Europe."

* * *

The regular monthly meeting of the Missionary Reading circle of the Third Presbyterian church will be held tomorrow afternoon from 3 to 5 o'clock at the home of Mrs. Mary Theime, 2445 Fairfield avenue. "The Nearer and the Farther East" entitles the book the ladies are reading. The meeting will be altogether interesting and helpful and is open to every lady of the church.

THE SOCIAL ROUND TABLE.

Current Events of Interest Among Church Societies.

The Ladies' society of Plymouth Congregational church will meet tomorrow afternoon from 2 to 5 o'clock at the home of Mrs. A. T. Holmes, 134 Taber street. Assisting hostesses will be Mrs. Oliver Jones, Mrs. F. T. Benoy, Mrs. L. A. Kanaga and Mrs. G. J. Tuckey.

The monthly meeting of the Mite society of Christ's Lutheran church will be held on Friday afternoon and section one will entertain. The usual supper will be served. On Saturday afternoon there will be a meeting of the class in catechism.

The South Wayne Mission circle of the First Baptist church was entertained this afternoon by Mrs. Frank Frisby, at her home corner Miner street and Grace avenue.

A meeting of the Baraca class of the Third Church of Christ will be held this evening at the home of the president, G. Burt, on Hurd street.

The Ladies' Aid society of Calvary United Brethren church will meet this evening with Mrs. Frank Opatz, 1153 Harmer street.

Several meetings of interest have been arranged for the week at the English Lutheran church of the Redeemer. This evening the adult class of catechumens will have its second lecture in the Sunday school room at 8 o'clock. The regular monthly meeting of the congregation will be held on Friday evening at 7:45 o'clock and on the same evening the Young People's society will have a social meeting in the parish house.

The ladies of the First Baptist church will hold a meeting in the church parlors tomorrow afternoon from 2 to 5 o'clock. The object of the meeting is the acquaintance of the ladies, as there are now several new members in the congregation. Mrs. J. C. Calhoun, first vice president of the Ladies' society, has accepted the office of president and the election to have been held for this purpose will not take place. Refreshments will be served during the social session.

The regular monthly meeting of the Ladies' Missionary society of the West Jefferson street Church of Christ will be held on Friday afternoon at 2:30 o'clock at the home of Mrs. Fred Rush, 610 West Wayne street.

The annual thank offering of the Ladies' Home and Foreign Missionary society of Bethany Presbyterian church will be held at the home of Mrs. Edward Henschen, 516 Watkin street, Friday afternoon.

The official board of the West Jefferson Street Church of Christ is now considering a number of possible candidates for the pastorate of the church, recently made vacant by the resignation of Rev. Ray O. Miller. A number of ministers have been written to by the board and one of them will probably occupy the pulpit at the services next Sunday.

The local auxiliary of the Fort Wayne Camp of Gideons will meet Saturday evening with Mr. and Mrs. Herman Noble, on South Broadway. The regular meeting of the Gideons will be held at 2:30 o'clock Sunday afternoon at room 11, Arcade.

Miss Emma Kettler, of 318 E. Wayne street, left this week for Lafayette, where she will spend about three weeks singing at evangelistic meetings.

Michael J. Fanning, a noted Irish orator from Philadelphia, prominent in temperance work will occupy the pulpit at the Sunday morning service at the West Creighton Avenue Church of Christ. This appointment was changed from Sunday evening.

The Young People's Society of Christian Endeavor of the Third Presbyterian church will give a social tomorrow evening, and a very delightful time is assured all who attend.

A telephone line is being constructed over the Alps which has the highest altitude of any telephone line in the world.

AMERICAN CITIZEN IS UNDER ARREST IN MOSCOW

Charged With Associating With Revolutionists in Russia.

Moscow, Feb. 4.—The police have arrested a man with an American passport bearing the name of Richard T. Stevens, of Washington, D. C., on the charge that he has associated with revolutionists. Stevens had been under surveillance for several days. A forged Russian passport bearing the name Vladmir Kishineffsky, was found in his pocket.

The police notified the American consul of the arrest. Stevens told the consul he was born in Galicia, and that he had lived eight years in America. He explained that his passport was obtained through his father, Theodore Stevens, of Washington. Stevens speaks Russian fluently.

AZEF NOW IN SWITZERLAND.

Paris, Feb. 4.—A special dispatch received here from Zurich says that Eugene Azef is now in Switzerland, hotly pursued by four Russian terrorists. Azef is the Russian who for years was an active leader of the fighting Russian socialists. He recently was denounced as a government spy and sentenced to death by the organization, after which he disappeared.

A local paper today declares Azef was active in preparing two plots against the life of the emperor of Russia. When his fellow conspirators were arrested Azef retired from the active fighting circle. He declared it was impossible to kill the emperor by ordinary means such as a dagger, a revolver, or a bomb, and that he was going to study out a plan of assassination in which an aeroplane would play the principal part.

ONE KILLED; TWO HURT.

Chicago Suburban Train in Collision With Freight Train.

Chicago, Feb. 4.—One man was killed and two others severely injured in a collision today between a suburban train on the Illinois Central railway and two freight cars near Eldridge place. Many passengers were thrown from their seats, but none was seriously hurt. The freight cars were being shunted backward when they ran into an open switch, which caused them to overturn across the track directly in front of the suburban train. J. J. Sullivan, fireman of the suburban train, was fatally injured and died a few minutes after being taken to the hospital.

AVERTED PANIC IN CONVENT.

Fire Near Institution in Brooklyn Threatened Stampede.

New York, Feb. 4.—A panic among 800 girls in the convent of the Sisters of Mercy in Classon avenue, Brooklyn, was averted early today when they were quickly assembled for prayers on the lower floor and assured they were in no danger from a fire which had broken out in a factory building near by. The factory building, a five-story structure in Emerson place, occupied by several small manufacturers, was totally destroyed at an estimated loss of $50,000. Twenty firemen were overcome by smoke.

RECEIVED BY THE KAISER.

Berlin, Feb. 4.—Richard Mueller, president of the Association of German Veterans in America, was received in audience by Emperor William today. He was presented by Major Von Koerner, formerly military attache at Washington.

Weak Heart Action

There are certain nerves that control the action of the heart. When they become weak, the heart action is impaired. Short breath, pain around heart, choking sensation, palpitation, fluttering, feeble or rapid pulse, and other distressing symptoms follow. Dr. Miles Heart Cure is a medicine especially adapted to the needs of these nerves and the muscular structure of the heart itself. It is a strengthening tonic that brings speedy relief. Try it.

"For years I suffered with what I thought was stomach trouble, when the doctors told me I had heart trouble. I had tried many remedies, when the Dr. Miles' almanac came into my hands, and I concluded to try Dr Miles' Heart Cure. I have taken three bottles, and now I am not suffering at all. I am cured and this medicine did it. I write this in the hope that it will attract the attention of others who suffer as I did."

HAD SHOT HIMSELF HOURS BEFORE DISCOVERY

Lifeless Body of Jacob Meyers Found Seated Upright in a Chair.

Dead from a bullet wound self-inflicted many hours before, the lifeless body of Jacob Meyers, 58 years of age, was found Wednesday evening seated upright in a rocking chair in his home at 1330 Harmer street. Upon the floor at his feet was the revolver with which the man had ended his life, and Coroner Kesler is of the opinion that the shot must have been fired at least thirty-six hours before the body was found.

Discovery followed an investigation started by Henry Hockemeyer, son-in-law of Meyers, who had missed the aged man from his usual haunts and feared that Meyers might have carried out a threat he is said to have often made to end his life. Accompanied by Detective Charles Lenz Mr. Hockemeyer went to the Meyers home. There was no response to their knock at the rear door, and when an entrance was forced the grim tragedy was disclosed. Before firing the shot Meyers had opened his outer shirt and placed the muzzle of the revolver tightly against his left breast, the bullet piercing the heart. The end of the weapon was covered with blood. Coroner Kesler was at once called and the remains were removed to the Getz & Cahill undertaking rooms.

Had Written Note.

Among the effects of the dead man was found a note, written in German and addressed to Mr. Hockemeyer, a portion of it written January 25 and the remainder of it dated February 1. Much of it was illegible on account of the nervous condition of the writer, but it gave directions concerning the disposition of his estate.

Coroner Kesler's belief that Meyers must have fired the fatal shot on Tuesday morning is borne out by the testimony of Mrs. Fred Weisheit, who with her husband occupies rooms in the front portion of the Meyers residence. She recalls having heard a noise on Tuesday morning at 6 o'clock that may have been a pistol shot, and told her husband of it, but nothing further was thought of the matter and no investigation was made. Meyers had not been seen by friends since Monday evening, when arrangements were being made for him to move into a room downtown with the family of his son-in-law. Meyers asked that the moving be deferred for a day or two, and must have fired the shot that ended his life less than twelve hours later.

Meyers had accumulated considerable property. He was well known and formerly conducted what is known as the "Hole in the Wall" saloon near the Bass foundry, but in recent years had retired from business. Some years ago he was divorced from his wife, and her death occurred but three weeks ago. This is believed to have added to his despondency. There are two children—Mrs. Hockemeyer and Eugene Meyers.

Detective Charles Lenz made a search of the Meyers house this morning and brought to light certificates of deposit aggregating about $2,100. These were hidden in a cupboard along with about $20 in cash.

IN CENTER OF CITY.

Armory Site Can Be Obtained in Case of Appropriation.

In case the appropriation of $30,000 for an armory in this city is made, a site in the center of the city can be readily obtained according to the statement of one of the officers of the Fort Wayne Armory association, organized to push the project. The association held a meeting last evening and although it was well attended, there was little of special interest to the proceedings. The committee of volunteers to go to Indianapolis, to support the measure stands ready to leave at any moment. It was understood last evening that Senator Ranke would introduce the bill either today or Friday.

The petitions sent out over the state are now being returned bearing scores of names and all the letters from the military organizations contain words of encouragement and promises of all possible support. The project looks very cheerful now and everything has been arranged for the final attack upon the legislature when the bill is brought up for consideration.

ELKS HAVE A CLASS.

The Fort Wayne lodge of Elks will have a class of about twenty applicants for initiation at the regular meeting this evening.

SOCIETY

An event of social importance and considerable formality, will be the reception, this evening at 8 o'clock, which the members of the graduating class of the Fort Wayne Normal school, together with the principal of the school, Miss Flora Wilber, will hold in the Lakeside school building. About two hundred invitations have been issued to members of the board of education and their wives, to the alumnae of the school, to principals of schools in the city, special instructors and personal friends of the class. After the reception of guests a chalk talk will be given by B. J. Griswold, and following that entertainment, refreshments will be served.

* * *

Miss Bertha Cour is issuing invitations today to a thimble party which she will give on Saturday afternoon in honor of her guest, Miss Lollie Purdy, of Savannah, Ga.

* * *

A reception will be held this evening at the home of Mr. and Mrs. Fremion, of South Lafayette street, in honor of their daughter and her husband, Mr. and Mrs. Albert Cartwright, who were married this afternoon at the Church of the Redeemer by Rev. Theodore Hahn.

* * *

Mr. and Mrs. Charles L. Olds, of Washington boulevard west, have announced the 24th of February as the date on which the marriage of their daughter, Miss Marjorie Olds, and Walter R. Spencer will take place. The wedding is to be a very quiet one. Mr. Spencer is a son of the late Mr. and Mrs. M. V. B. Spencer and is engaged in the insurance business.

* * *

Mrs. Harry M. Quicksell, of South Harrison street, has issued invitations to a bridge party which she will give on Friday, Feb. 12, in honor of her sister, Mrs. Schlicher, of Mattoon, Ill., and for Mrs. Theodore Wester, of Philadelphia, who is the guest of Mrs. James W. Runyan.

* * *

Mrs. August John, of Milwaukee, was the guest for whom Mrs. M. F. Schick gave an informal kaffee klatsch yesterday afternoon.

* * *

Mr. and Mrs. Fred Stevens and daughters, Misses Desdalora and Maxine, went to Niles, Mich., today to remain over Sunday.

Mrs. Anna Rogall Root, of New York, and Miss Ilma Hunter, of Peoria, Ill., will sing at the program of the Morning Musicale tomorrow morning in Elks hall.

Herbert Miller has returned from Mercersburg academy for a few days' visit while the school is closed for fear of an epidemic of scarlet fever.

Miss Ilma Hunter, of Peoria, Ill., is the guest of her cousin, Vincent Hunter at the home of Prof. and Mrs. William Miles, of West Jefferson street.

The G. A. D. club met at the home of Miss Clara Inman yesterday and besides enjoying a social time, changed the name of the club. Hereafter S. O. B. will stand for the club. Misses Ruth Inman and Bertha Brandt were admitted to membership. A luncheon was served after the business part of the session. Miss Johanna Kocks will be the next hostess.

Miss Ella Strebig entertained the I. N. F. club and their invited friends on Tuesday evening, at her home, in Wells street. The evening was spent enjoying music and games. The guests were the Misses Ethel Ballou, Florence Becker, Marie Tonsing, Clara Schone, Edna Huguenard and Arthur Meyers, Paul Lauer, Frank Goetz, Alois Hoffman, Alois Brink, Charles Parrot, Clarence Alter, Charles Burlage, William Scheib.

Mrs. H. Kohlmeyer, of 2501 John street, was pleasantly surprised on Tuesday afternoon by a number of her friends. A contest furnished considerable amusement and the prizes were won by Mrs. Marahrens and Mrs. Christke. A luncheon was also greatly enjoyed. There were present Mesdames Roener, Utrecht, Lebrecht, Noeck, Hilker, Gamrath, Hull, Pegg, Pflett, Heikowski, Mr. and Mrs. J. R. Kennedy and Misses Clara Kohlmeyer, Luella Christke, Florence Kennedy and Harold Gamrath, Carl and Albert Kohlmeyer.

Master William White, son of Mr. and Mrs. James B. White, reached his seventh birthday anniversary yesterday and celebrated the day by giving a party in the afternoon. Contrary to the usual order of birthday parties, Master William gave the presents instead of receiving any. As for the party itself, it was held at the Clay school in the room where William attends and all his classmates were invited. Games were played in the hall, as on account of examinations some classes had been dismissed in the lower grades for the afternoon. Miss Jane Harper, who is William's teacher, and Miss Edith Foster, another primary teacher, lent assistance to Mr. and Mrs. White in planning games and arranging the birtnday refreshments, which consisted of a big birthday cake lighted with seven candles, plenty of ice cream and candy, besides favors of fancy cornucopias filled with candy. After the refreshments William brought a big basket forth which contained mysterious packages, one for each guest. The contents of the packages were different and each one suited the boy or girl who received it, for William had looked carefully to that matter and had made a selection for every playmate that he was sure they would like. One of the pretty things of the party was the dancing of the Highland fling by Miss Ruth Anderson. In the birthday cake was a ring which Martha Moore found, a dime which Fern Shonuel discovered and two buttons which were in the pieces that Helen Mikesell and Wilfred Hosey got. Lenore Moffat was the only guest not a member of the class.

Oswald—Ellenwood.

Miss Elsie May Ellenwood, only daughter of Mr. and Mrs. George W. Ellenwood, of 1326 Wells street, and Mr. Joseph M. Oswald, son of Mr. and Mrs. Joseph Oswald, of Smith street, were married at 8:30 o'clock this morning at the parsonage of St. Peter's Catholic church by Rev. C. H. Thiele. Miss Margaret Murphy and Mr. John Palmer were the attendants. The bride is a bright and interesting young woman of pretty appearance and many fine qualities and she looked especially well in her wedding costume. The gown was a taupe gray cloth trimmed with black satin buttons and a gray velvet hat trimmed with white ribbon and plumes and gloves and silk waist to correspond made a handsome and stylish traveling suit. The bride held a bouquet of roses and stevia tied with tulle ribbon. Miss Murphy wore a street suit of dark blue cloth with black hat trimmed with black plumes. Pink and white carnations composed her bouquet. After the ceremony the bridal party returned to the home of the bride where the wedding breakfast was served to members of the two families. The diningroom was trimmed with festoons of white crepe paper and the table with smilax and carnations. Other rooms were decorated with red bells and ferns. The bride and groom went to Detroit on their wedding trip and will be at home with the bride's parents on their return. Mr. Oswald is in business with his father and brother, and is a young man of excellent character. Mrs. Jackson Smethers, of Montpelier, O., was the only guest from out of town at the wedding.

Miss Myrtle Elvyn Will Play.

Two of the compositions that Miss Elvyn will play at her recital on February 9, are the tremendously difficult Chopin sonate in B flat, and a study for the left hand by Scriabine, a modern Russian composer. The latter work Miss Elvyn played here last year and will repeat not as a regular part of her program, but as an encore by special request.

Mrs. C. L. Bowman, who has been the guest of Mr. and Mrs. Van B. Perrine, left yesterday on her return to her home in Kingston, N. Y.

Miss Stella Helmer entertained young friends at her home last evening. There were players for four tables at five-hundred. The rooms were prettily decorated with pink candles and flowers.

Club Woman Reads Paper on Skin Diseases

(From Chicago Record-Herald.)

At the Home Help Club, Friday, the president, Mrs. Burnham, read a very interesting paper on the home treatment of skin diseases. She held the interest of her listeners very closely and was applauded when she gave patent medicines some hard blows. Mrs. Burnham has been following the citrox treatment closely and recommended it strongly for all kinds of skin diseases. She gave the following directions: Dissolve a teaspoonful of pure powdered citrox in two tablespoons of hot water and bathe the skin twice a day. The solution must be made fresh each time and used warm. According to her observation it has no equal in tetter, eczema, salt rheum, etc., and this new use for an old standard drug is attracting much attention in the scientific world.

Smart Sealskin Coat

This attractive long coat of sealskin will be comfortable on cold days and incidentally very effective for afternoon wear over matinee frocks. It is so large both in body and sleeves that the sheerest kind of garment will not be wrinkled when worn beneath it.

IN THE THEATERS

"Old Heidelberg," the charming play of German student life, is continuing to attract large audiences at the Majestic. It is a source of gratification to Manager Rice and Mr. Huntington that the patrons loudest in their praise of the play are the foreign born German people of the city, and especially those who have been students at Heidelberg university.

* * *

The production of "Salomy Jane," the story of western life which will be placed on the Majestic stage during nearly all of next week, is the result of special arrangements with Liebler & Co., who gave the original production in New York last season with Miss Eleanor Robson in the titular role. The play is described as an intensely interesting picture of western life, rivalling Paul Armstrong's other stage story which Our Own Stock company recently produced, "The Heir to the Hoorah."

"Madame Butterfly," the Puccini grand opera, will be again produced in this city on Thursday evening, Feb. 11. This organization is a notable one and contains no fewer than ten of the original cast that produced the opera in this country. The musical director is Herr Karl Grossman, one of the best known conductors of grand opera in this country. Miss Adelaide Norwood, prima donna soprano, has long held a high place among American singers, due to her engagement of several years with leading operatic organizations in this country. Three years ago she went to Europe to fill engagements in several state operas and then went to Bayreuth to study the Wagnerian music-drama. On a side trip to Budapest, news of her success as "Tosca" reached the ears of Puccini and he went to hear her sing. He was so pleased and so impressed by the quality of her voice and her splendid dramatic qualities that he immediately contracted with her to create the role of "Butterfly" in America, and personally undertook to coach her in the part. Miss Norwood is but one of several acknowledged stars to appear with the opera in this city. Others are equally famous and equally competent, including Ethel du Fre Houston, Myrtle Thornburg, Henry Taylor, Louise Collier and Ottley Cranston.

At the Lyric.

The Lyric Stock company seems to have struck a popular chord in this week's bill, "The Mysterious Mr. Brown." It is the first farce comedy produced at the house and the management is gratified beyond expectations at its reception. Charles Fawcett's object in writing the piece was to make people laugh and the object of Director Berry and his actors in presenting it was the same and both have succeeded. It will continue through the remainder of the week.

CHILD SAVED.
By Simple Change to Right Food.

When a little human machine (or a large one) goes wrong, nothing is so important as the selection of food which will bring it around again.

"The Doctor, and I also," writes an Ills. woman, "consider that we owe the life of my little four-year-old niece to Grape-Nuts food.

"From the time of her birth her stomach was so weak she could not digest milk or any food we could think of, although we tried about all the Infant Foods known. The doctor gave me no hope—called the trouble Intestinal consumption.

"At 18 months the child could barely sit alone, her body was so weak, and her brain did not seem to be properly developed.

"One day, having some trouble with my stomach, I brought home a package of Grape-Nuts and started to use it. The thought came to me that a very little of the food made soft in some cream might be good for the little one.

"I gave her some Grape-Nuts thus prepared and she soon became so fond of it that she would reach out her little thin hands and cry at the sight of a saucer with a spoon in it.

"She ate Grape-Nuts not only in the morning, but at night also and since the first has never missed a day. She is now, at four years, a strong, healthy child with a good straight back, fine bones, and firm muscles. Her mind is bright also.

"We stopped all medicine, so we know that it was Grape-Nuts and not medicine that saved her."

Fads for Women

Cording, or rather, cord manipulated into motifs and passementerie bands, is much used now for trimming smart house gowns.

A fine black voile made with a plain skirt, trimmed with a satin fold and a bodice very much tucked, would be attractive. There could be a deep yoke of tucked point d'esprit (black), outlined with a dull magenta cord trimming. This should overlay the yoke, which could be backed with a soft ivory silk. A little of the magenta might appear at the wrists and a black satin sash would complete a most striking and artistic gown.

* * *

There is a very smart sleeve model for a coat that might answer for remodeling in case one had not enough material, because small pieces might be utilized. There seems to be a fitted lining, and from elbow to wrist this is covered with folds of the material. Folds appear again at the top of the sleeve and the space between is filled with a broad band of the goods, decorated with braiding, passementerie or heavy lace.

The folds could be lined with any thin material if the goods should prove insufficient for double folds.

MID YEAR CLASS IS TO CONTAIN 11 GRADUATES

Commencement Exercises at High School Will Not be Held Until June.

Although the number of students that complete their high school course this week is larger than any previous mid-year class, the custom of merging the commencement exercises with those in June will be followed out. The class contains eleven students and a few of these will return to take a post-graduate course during the next semester. The organization of the class will be kept intact until next June.

Those students who finish their course this week and who compose the mid-year '09 class are the Misses Edna Devilbiss, Annie L. Graham, Katherine Hartle, Lillie Kammeyer, Bertha Lawrence, Delia McMahen, Charlotte Schick and Irma Shordon and Raymond Ashley, Ralph Lenig and Ralph Thieme.

Over a Hundred New Students.

With the opening of the new semester on next Monday, there will be one hundred and ten new students at the school, making a total enrollment of nearly eight hundred. This will greatly crowd the building, and present indications point to an enlargement somewhere within the next few years.

Owing to the fact that there have been no special final examinations, Prof. C. T. Lane has been able to adjust things for the next term several weeks ahead of time, and the new term will open next week with but little of the usual commotion. Next term's studies will be taken up immediately, in fact some of the classes having already started on the new work.

FREE FEED FOR NEEDY HORSES.

Unique Charity Offered by Evansville Manufacturer in Advertisement.

Evansville, Ind., Feb. 4.—Adolph Melzer, a soap manufacturer of this city and said to be a millionaire, has inserted an "ad" in the local papers reading as follows:

"During the month of February every person who has not the means to provide sufficient feed for his horse or mule can obtain feed from me free of cost. All persons must bring recommendations from some well known citizen."

Melzer is a lover of animals and during the holidays fed hundreds of horses belonging to the needy. He said today: "I am a bachelor and have no wife to make my home cheery. But I have dogs in my house and horses in my stable and they take the place of a wife."

Melzer says many persons with animals are unable to buy feed for them, and he can't stand to see them suffer.

MEHBERS OF LOCAL COUNCIL.

F. A. Brady, Well Known Knight of Columbus, Dead at Payne, Ohio.

Officers of the local council of Knights of Columbus received word this morning that F. A. Brady, a wealthy resident of Payne, Ohio, is dead at his home there. Mr. Brady several years ago united with the local Knights of Columbus, that organization not having a council in his home city. Accordingly, a special meeting of the Fort Wayne council has been called for Friday evening when proper action on his death will be taken and a committee named to attend the funeral.

CITY BREVITIES.

On the 25th of January a son was born to Mr. and Mrs. L. A. Weichselfelder at their home in Palo Alto, Cal. Mr. Weichselfelder formerly lived here and is very well known.

While climbing the stairs in the government building yesterday afternoon, E. G. Moore, residing on Masterson avenue, was suddenly seized by an attack of pleurisy in the region of the heart. He was placed upon a couch in the office of Commissioner Logan and a physician was summoned to attend him. Mr. Moore was able to return to his home.

Henry C. Paul has returned from South Bend, where he attended a meeting of the stockholders of the Chicago, South Bend and Northern Indiana Traction company.

California Browned Corn.

Another timely and delectable dish for the invalid's tray is corn fried in California style. Cut the kernels from the cob, scraping as cut, so that it will be milky, but not cutting too close to the cob. Have a sheet iron frying pan piping hot, with a little salt sprinkled on it, and left just long enough to brown. Put the corn into the pan, pressing the kernels with a spoon so as to extract the milk. In just a moment it will begin to brown in its own juice. Keep stirring, and when well browned add water, a tablespoonful at a time, pressing with spoon until the corn begins to stick. Then add another spoonful until two or two and a half have been added for each ear of corn used. This makes the delicious gravy. Keep stirring all the time the corn is cooking, as it scorches easily.

AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles, causing backache, irregularities, dizziness and nervous prostration. It was impossible for me to walk upstairs without stopping on the way. I tried three different doctors and each told me something different. I received no benefit from any of them, but seemed to suffer more. The last doctor said nothing would restore my health. I began

taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and I am restored to my natural health."—Mrs. ETTA DONOVAN, Box 299, Willimantic, Conn.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

McDougal's remains were buried in an old cemetery north of Rome City.

BREWERY MAGNATES HEARD.

Sutro and Timm Oppose Federal Control of Liquor.

Washington, Feb. 4.—"One thousand men should not dictate to one man how he shall comport himself as long as he does not endanger the public health or does nothing that is a breach of the peace."

This was one of the arguments made yesterday before the house committee on the alcoholic liquor traffic by Theodore Sutro in support of his contention that the prohibition question was one which should not be left to a popular vote. Mr. Sutro and Adolph Timm, secretary of the National German-American alliance, appeared before the committee in opposition to the Bennett bill, which aims to create a commission on the alcoholic liquor traffic, consisting of five senators and five representatives. The commission will investigate and recommend to congress legislation for the national control of the liquor traffic.

Mr. Sutro contended that such a commission is unnecessary and would entail useless expenditures of money. He objected to the references in the bill to crime, declaring that it was an undue reflection on the liquor traffic, which, he said, is legitimate and one of the chief sources of revenue of the government. He also contended that the respectable beer manufacturers do more for temperance than any other agency and said that no legislation prohibiting the use of liquor can be enacted by congress without interfering with the police powers of the individual states.

READ NEXT SATURDAY'S SENTINEL

If not a regular subscriber, get a copy from your newsdealer, it will contain many rare treats for you in the way of high class reading matter

THE SENTINEL has spared neither effort nor expense to obtain for its readers the highest class of miscellaneous reading matter that money can buy. A glance at the titles and authors for next Saturday will convince you. You have heard of all of them, they are all famous. Each special article is worth the price of the paper alone. There will be

A Page Detective Story

"ENGLISH BILLY and HIS FIFTEEN FRIENDS," a true story by A. L. DRUMMOND, Formerly Chief of the U. S. Secret Service.

Mr. Drummond has lived more good detective stories than the best writer of fiction of that sort ever dreamed. For twenty-five years he pitted his cleverness against the cunning of smugglers, counterfeiters, members of the Ku-Klux Klan, swindlers, robbers and murderers. Of one of the best of these deeds of daring or brains Mr. Drummond tells in his own words.

A Story of Thrilling Love

A page about "THE FIRE FIGHTING SAILOR," by WILLIAM ALLEN JOHNSTON, a noted writer in this line.

He tells of the home life of these men who compose New York's marine firemen, who are performing heroic deeds daily, of the sudden alarm, their rush to quarters and the wonderful work they do in fighting the flames on a great ocean liner. Every instant of their labors is fraught with danger and menace to life.

On the same page will also be found a neat little story entitled "A BAIT FOR ALLIGATORS," relating how a Pinto Indian, of Eastern Tabasca, succeeded in capturing one of the monsters by means of a sucking pig, a harpoon, a rope and a club, especially the club.

On this page will also be found something relative to Saturn's new ring.

The Most Stubborn Fighters on Earth—The Yaqui Indians

There will be a whole page devoted to this wonderful race, who are inhabitants of Mexico, and about whom much has been written in the daily papers in recent years. The author, BAILEY MILLARD, has lived among and with them and is well qualified to tell the story of their home life and of their battles and efforts to maintain their independence. He places them in a different light than that from which they are viewed by the ordinary writer of recent times. He says that as fighting men they have no peer on this continent, but are not of a quarrelsome disposition; all they ask is to be left alone to live in their one way, and that if such were the case the outrages attributed to them would never be heard of and would have no foundation in fact.

The Japanese Doll

By Virginia Woodward Cloud, is the leading story on the children's page this week. Those familiar with this author's writings know how charmingly she can tell these children's stories, interesting to children and grown-ups alike. The Japanese Doll is envoy extraordinary from Santa Claus to a couple of little girls and through their Uncle Pat, as interpreter, is able to find out what they most desire for Christmas. It is a charming story. Bright and sparkling, as are all of the stories on this page from week to week. There is also on this page an illustrated poem for the little folks, entitled "Grandmother's Garden," by Joel Benton, which will not fail to interest all who may read it.

A Page for Women

A full page story by that best of all story writers, MORGAN ROBERTSON, is another of the great features of Saturday's paper.

It relates the lover's quarrel of a wealthy young stock broker and his fiancee. To forget his trouble he starts in to make the rounds of the cafes, feeling better after each call, and finally winds up in an opium joint in Chinatown. He awakes to find himself in rags on board an ocean freighter, bound for Hongkong. He is beaten and abused by the officers for refusing to work. Writes his predicament, seals it in a bottle, throws it overboard. Bottle found. Friends follow in his own yacht, armed for the occasion, rescue him in mid-ocean. Do not miss the great sea fight. His personal battle with the burly captain of the freighter. All in next Saturday's Sentinel.

The Woman's Page

Containing fashions, household suggestions, etc., is one that never fails to interest every woman. A page entirely filled with the matters so dear to every woman's heart. This is one of the Sentinel's most popular features each week.

Two Colored Comic Pages

Never fail to interest old and young alike. Comics drawn by artists that are past masters of their art. Men with world-wide reputations, and commanding princely salaries for their productions.

See that cute little dog, "WAGGLES IN WONDERLAND." He meets up with a bear this week.

"ANGELIC ANGELINA," again gets Bobby into all kinds of trouble, and as usual receives the reward for being good.

"THE TERRORS OF THE TINY TADS" and their adventures in the Rathskellerphant, are a great feature this week. On the same page with the TADS will be found

"THE WOO WOO BIRD," and Henry's adventures with the same bird, are of a remarkable kind. His mother and a pie figure largely in them.

Of course there will be the regular features that have been a part of FORT WAYNE'S GREATEST NEWSPAPER every day in addition to the above.

Society Page

Telling of the happenings of the day in the way of parties, balls, receptions, visitors going and coming, etc. It is all there.

The Church Page

Giving hours of meeting of all the churches in the city, news of the various church societies, and everything of interest in this branch of our city life.

"Twenty-Five Years Ago Today"

The feature that always interests every reader will also be there, telling just what happened in Fort Wayne twenty-five years ago. To the older citizens this feature is a continued source of daily enjoyment, and is about the first thing they read in their Sentinel each day.

In addition to all the above will be found the best newspaper published in Northern Indiana for local news, and as the Sentinel is a

Member of the Associated Press

It goes without saying that it is the best paper for news of the country and of the entire world that can be procured. It misses nothing—the Associated Press wires encircle the globe and run right into our office.

THE SATURDAY SENTINEL

sells for five cents per copy on the news stands or streets—pay no more.
THE SENTINEL will be delivered to your door every evening for 10 cents per week. In ordering call up phone 173—either phone—or call at the office, 114 W. WAYNE STREET.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prest., Buffalo, N. Y.

TO EQUIP ALL BIG LINERS WITH THE WIRELESS

Bill in Congress to Force Use of System to Make Life More Secure.

Washington, Feb. 4.—Following closely the introduction of a bill by Representative James Francis Burke, of Pennsylvania, to require ocean going passenger vessels to be equipped with wireless telegraphy the house committee on merchant marine and fisheries today took it up for consideration. An immediate report is being urged so that the bill may become a law at this session.

Representative Burke attended the meeting to explain his bill. Since its introduction, which followed the wreck of the Republic off Nantucket, the Pittsburg congressman has been making an extensive study of the subject and has collected a mass of data.

"Since the introduction of my bill," he told the committee, "I have had communications commending the measure from individuals and commercial bodies throughout the country and I hope for its passage at this session.

Agreement Not Necessary.

"Some one has denied our right to carry such a law as is proposed into effect without international agreement. No such argument is necessary. We have the same right to require wireless instruments as to require life preservers on ships. The right to enter our ports is one that we can deny or make conditional. The French assembly has followed our example and yesterday began consideration of a measure similar to mine. No nation will resent, but all will welcome the passage of this bill by congress.

"Nor does the bill work any hardships. It does not impose an unjust burden. The wireless equipment is a splendid form of insurance of ships and cargoes aside from the protection of life. There can be no extortion because there are now several competing companies engaged in the wireless business.

"Even in the face of the wonderful demonstration of the value of wireless in the saving of over a thousand lives, many steamship owners will be slow to take advantage of the device because of its slight cost, and legislation is necessary to compel such to act.

No Objection is Necessary.

"There can be no possible objection to my bill as it affects only vessels carrying at least fifty passengers and whose outgoing journey is at least five hundred miles. It might even be applied to other vessels on shorter trips, possibly on the lakes and in the coast wise trade, but all those will follow later."

The cost of equipping a ship is about $1,000, according to the estimate made by Representative Burke.

The number of people affected by the proposed legislation may be judged, Mr. Burke told the committee, from the fact that the ships not now equipped with wireless carry on an average of 100,000 passengers per trip into the port of New York; about 15,000 each into Philadelphia and Baltimore, and about 2,500 each into San Francisco and Port Townsend. This is exclusive of the first and second class passengers varying from one hundred to eight hundred each trip.

CAN EAT ANY FAVORITE FOOD WITHOUT FEAR OF DISTRESS

Enjoy Your Meals Without Fear of An Upset Stomach.

If your meals don't tempt you, or you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something for a sour stomach and indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Nauseous breath and stomach trouble of all kinds; Putrefying the intestines and digestive canal, causing such misery as Biliousness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapepsin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking one Triangule that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the stomach, Nervousness or Gastritis, or by any other name—always remember that a certain cure is waiting at your Pharmacist any time you decide to begin its use.

Pape's Diapepsin will purify the sourest and most acid Stomach within five minutes, and digest promptly without any fuss or discomfort all or any kind of food you could eat.

SHE KNOWS ENOUGH.

SHE does not know who Caesar was
Nor when Columbus sailed the seas.
She may, for all she says or does,
Think Botticelli is a cheese!
Now, gentle reader, don't commence
To say you think it is a pity
To live in ignorance so dense—
You see, she's pretty.

She will not wrinkle up her brow
To call to mind a verse of Keats.
Ask her if Shakespeare's writing now,
She'll say she likes the parquet seats.
Of current topics she may speak
And show misinformation simple,
But in the rose pink of her cheek
There is a dimple.

She'll tell you socialism's cute
Because a friend who's rather plain
Is lecturing from here to Butte
And has so many in her train.
She cannot tell you what is meant
By the philosophy of Ibsen,
But hers is beauty that is blent—
A Fisher-Gibson.

Of differential calculus
She may discourse in language clear
Until at last it comes to us
She means some automobile gear.
The fact that Raphael is dead
Leads not to talk on pictures olden—
Her lips are cherry-ripely-red,
Her hair is golden.

So what is history to her?
What are reformers and their ilk?
She has the latest word on fur
And wears the newest shades in silk.
Sigh not that she must live alone,
For her unlearnedness quench your pity.
She knows all that needs to be known—
You see, she's pretty!

The Ninety and Nine.

A certain minister was deeply impressed by an address on the evils of smoking at a recent synod. He rose from his seat, went over to a fellow minister and said:

"Brother, this morning I received a present of a hundred cigars. I have smoked one of them, but now I'm going home and burn the remainder in the fire."

The other minister arose and said it was his intention to accompany his reverend brother.

"I mean to rescue the ninety and nine," he added.—Philadelphia Ledger.

Admiral Evans Will Talk to Indiana University Students.

Bloomington, Ind., Feb. 4.—"Fighting Bob" Evans, of the United States navy, will lecture to the students of Indiana university February 17. His lecture here will be the only one in the state. Already inquiries are pouring in from Indianapolis, Greencastle, Bedford, and other cities regarding the sale of seats. Mail orders will be filled beginning next Monday. The topic on which the Admiral will speak is "With the fleet around Cape Horn," and he will relate his experience in the much talked of trip around the world.

HEXAMETHYLENETETRAMINE.

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities and avoid a serious malady. Dreier & Bro.

ROUTE MEXICAN INDIANS.

Mexico City, Feb. 4.—Reports have been received here of a fight between a force of Mexican soldiers of the 170th battalion, and a band of Indians between Santa Cruz and San Isidro, in Yucatan, in which one soldier was killed and several slightly wounded. The Indians were driven back and took to the hills.

C. R. Kluger, the jeweler 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured by backache and the irregularities disappeared, and I can now attend to business every day and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." Dreier & Bro.

The government of Canada has determined upon a policy of complete restriction of her remaining colonies of beavers. Their near extinction was threatened and only a most rigid enforcement of the present wise law can prevent the entire extinction of this wonderful fur bearer.

Bronchial Troubles

ALMOST INSTANTLY RELIEVED

MISS EVA CARTER

Anyone whose bronchials have been weakened by frequent colds will rejoice with Miss Eva Carter, of Denver, Colo., who was subject to bronchial trouble for years, but finally found a remedy that affords quick relief.

Miss Carter's Letter

"I have been subject to bronchial trouble for years, and never found anything that gave me the almost instant relief that Chamberlain's Cough Remedy does. Every cough or cold I would contract seemed to affect the bronchial tubes. The phlegm was very disagreeable and troublesome, and before used Chamberlain's Cough Remedy would hang on for months at a time. Now a bottle or two of this remedy is all that is required to rid me of this unpleasant bronchial trouble. I am only too pleased to recommend it."

EVA CARTER,
1120 Adams St., Denver, Colo.

Chamberlain's Cough Remedy

This remedy has been in general use for almost forty years. Its great value in the treatment of coughs and colds has been proven in many thousands of households. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. People in almost every walk of life have testified to its valuable properties. It can always be depended upon and is pleasant to take.

Chamberlain's Cough Remedy has been a favorite with mothers of young children for coughs, colds, croup and whooping cough to which children are so frequently subject. They have found it contains no narcotic or harmful drug, that it can be given with implicit confidence, and that it always cures. Price twenty-five cents, large size fifty cents.

Governor Harmon Declares Fighting Will Not Be Allowed in State.

Columbus, O., Feb. 4.—"There shall be no prize fighting in Ohio as long as I am governor," said Governor Harmon, following a visit of Mayor C. A. Bond of Columbus, during which the latter, in discussing the proposed Dempsey-Rogers six round bout, scheduled to take place here tonight, stated that he was opposed to any contests that might come under the head of a prize fight. Mayor Bond did not say he would interfere, but intimated that he would not permit the affair to degenerate into a slugging match.

After declaring his position on the prize fighting game, Governor Harmon explained that to be consistent he would have to be against it for the reason that when the late Governor George K. Nash threatened to call out the militia to stop the Ruhlin-Jeffries fight in Cincinnati some seven or eight years ago he engaged him as counsel and as such the present governor was a potent factor in preventing the fight from being pulled off.

"So you see I could not well go back on my record, and necessarily must be against the game," said the governor.

FEW CONTRACTS ARE SIGNED IN THE CENERAL

Teams are Sending Out Their Contracts to the Players.

The fourth bulletin sent out by Secretary John H. Farrell, of the National Association of Professional Ball leagues, indicates that comparatively few of the Central league players have signed for the coming season. This is due to the fact that only men who have applied for try-outs have been tendered contracts. Most of the clubs are sending out their documents this week as they have until March 1 to make the tenders.

Until the first of the present month none of the Fort Wayne players under reserve have been asked to affix their signatures to playing agreements, but Terre Haute landed quite a bunch of young talent as is shown by the fact that H. Allemang, A. W. Wright, C. Bemis, W. P. Arthur, J. Whiting, T. Johnson, F. H. Kent and H. H. Brant have gotten within the fold. All of these men are youngsters who want to get on with Manager George Groeschow and have signed at nominal figures just to show what they can do.

Evansville reports the contracts of C. W. Friede, Thomas Dunlap and C. Beckett and that of Teddy Kaylor, last season with the Fort Wayne Shamrocks, is reported by Dayton along with J. R. Hinton and A. A. Wagner. H. G. Smith has accepted terms with Terre Haute and Zanesville has notified the secretary of the acceptance of Roy Montgomery, the manager of the club, Fred Carpenter, M. O'Rourke, G. C. Sample, C. J. Sanders, H. E. Holmes, S. Perkins, E. Walker, P. J. Gavin, H. Myers, Ira Hastings, H. Christman, R. J. Blackburn, Clyde Wares and Curt Bales. All of these men are new except Pitcher Ed Walker and Shortstop Clyde Wares.

Releases by purchase show that Fred Wohlleben, for whom Claude H. Varnell put in a draft but who was awarded to Nashville, has been sold to Lawrence, Mass. He is a first baseman and Jimmy Ryan recommended him to the local management. The purchase from Pittsburg of John Lindsay and from Detroit of Harry Corns is noted in the bulletin.

Tyler Christian, a pitcher who was tried by several Central league clubs during the last four or five years, has signed with Oakland, and Don Cameron, drafted from Terre Haute by Oakland, has also signed. Billy Belden has "jined out" with Omaha and Dubuque has the edge on Philadelphia with its Covaleski by having in its ranks a player who rejoices in the name of Joe Ustolicky. Dick Bayless, bought by Cincinnati from Dayton last season, has accepted terms with Atlanta, and R. F. Channel, offered by the White Sox to Fort Wayne under a farming contract will play with Fall River, Mass.

BOXING IN INDIANAPOLIS.

Indianapolis, Ind., Feb. 4.—Several boxing bouts were pulled off at the auditorium here last night. No decisions were rendered as agreed on before hand. Charlie White and Young Denning, both of Chicago, boxed ten fast rounds as the main bout. White had the best of it throughout.

Ask your grocer for Myron Downing's "Domestic" Bread," the generous loaf.

Cincinnati, Ohio, Feb. 4.—Hal H. Chase, first baseman of the New York American league team, and Jacob Weimer, pitcher of the New York National league club yesterday were reinstated by the national base ball commission on condition that they pay fines of $200 and $150 respectively.

In the Chase decision it is stated:

"Hal Chase was regularly under contract with the New York American league club during the season of 1908. He left that club about the middle of the season, giving as his principal excuse ill health. The player went to his home on the coast and then joined one of the teams in the California State league, which is an outlaw organization. The player now applies to the commission for reinstatement.

"The commission has made quite an extensive examination into this case and we would feel inclined to reinstate this player without inflicting any penalty had it not been for the fact that he played with and against teams harboring ineligible players. His application, therefore, for reinstatement is granted conditioned he pay a fine of $200, which fine will have to be paid to the secretary of the commission before the player will be eligible to participate in games with any club operating under organized ball."

WILL JOIN THE HIGHLANDERS.

San Jose, Cal., Feb. 4.—Following the receipt of the news of his reinstatement last night Hal Chase said he would join the New York Americans for spring training at Macon, Ga., about March first. He blamed "Kid" Elberfeld's policy and ill health as the cause of his leaving last fall and said he had inducements to remain in California, but did not want to be a contract jumper.

OUTFIELDER IS ALL NEED FOR FORT WAYNE

Other Positions Will be Well Taken Care of Next Season.

Give the Fort Wayne management a good, hard-hitting outfielder and the club will be ready to go into the championship race next season with a lot of players that ought to make the other teams hustle all through the pennant hunt. It is likely that there are some lines out for such a player, although it is possible that some understanding has been arrived at with President Comiskey of the Sox by which Curt Elston will be returned to this city.

Under the present arrangement the White Sox will leave for the coast the latter part of the month and as there will be a first and second division it is probable that Elston will be taken along on this jaunt to fill out one of the clubs which will be all the better for the Fort Wayne team in event a deal is made as he will return here in time for the opening of the Central league schedule and will be thoroughly conditioned.

There is little doubt about the pitching staff as there are a dozen of them to pick from, most of whom are tried twirlers and from the looks of the list before the season the most difficult proposition will be the selection of the men to cut loose when the time comes for lopping off the extra material. Should Mat Muldowney come back to form after the off season of last year he will be a factor and should Frank Romaine show up as well as his friends expect him to he will get one of the places. There is every assurance that Corns will stick and Charlie Alberts will be sure of a job at a good salary if he makes up his mind to get down to business and pitch.

Jack Henry will be counted upon to hold the place of first catcher as he is an experienced man and Manager Hendricks knows just what he can do, so there is nothing to it but to pick from the other backstops a man who can go in now and then and hold his own.

Nobody has been signed to take Guy Dickey's job unless it is found that Will Robertson's arm will not permit him to pitch, in which event he may be given a chance at the first bag job. Fred Curtis may be asked to report. There is plenty of good material for the other infield position in Fremer, Donahue, King, Lindsay and McDermott. Blount is under contract and will be retained unless a better hitter can be secured for his place. While he made a good enough average last season he hit in streaks and did most of his clouting on the home grounds.

Kelly has not been traded and it is likely that he will play one of the outfields. There is no objection to his work and the thought of swapping him arose from his desire to play next summer in some of the western leagues where he would be nearer his home at Denver.

Then there is another possibility to consider. The local team may get Champ Osteen back. When Stanley Robison bought him he figured that he had an off season with the bat and went on the theory that a man who could bat at the gait he kept up in 1907 could not fall down all at once, especially while he is still a young man. The changes that Roger Bresnahan has made may let Osteen out, and in that event he will be back here to play shortstop if he can beat the others out of the place.

From the surface Fort Wayne seems well fortified in all departments but the owner and manager are both live ones and are always looking out for a chance to improve their team. When the big leagues begin to cut down their forces it is likely some good material can be picked up and a man or two may be added to the thirty or so now available.

WASHINGTON PUTS A CRIMP IN HORSE RACING

The Anti-Betting Law Goes Through Senate to Become Statute

Olympia, Wash., Feb. 4.—Racing is dead in the state of Washington. By a big majority the anti-gambling bill passed the senate yesterday, following its unanimous passage by the house of representatives last week, and the governor has already announced his intention of signing it. The bill was directly aimed at the Meadows track, which lies on the outskirts of Seattle.

Horsemen, however, find some comfort in the fact that as passed the bill is considered by many unconstitutional. The emergency clause attached to the measure originally, failed of passage. The vote stood 23 for the emergency clause and 18 against. A two-thirds vote was necessary for its passage. Without the clause the law becomes effective June 11.

The house treated the senate's defeat of the emergency clause as an amendment to the act and by unanimous viva voce vote refused to concur. The controversy between the two houses leaves the status of the main bill in doubt.

Turfmen here commented bitterly on the measure, saying that it was a political move, inasmuch as no action had been taken prior to this movement against gambling houses in Spokane and elsewhere. The race track element put up a weak defense, realizing that the case was hopeless, and the bill went through with little argument.

The bill makes pool selling, bookmaking or conducting places where bets are made on horse races a felony. It also provides that the possession of gambling paraphernalia can be taken as prima facie evidence of a violation of the act. This applies even to cashiers' sheets and bookmakers' slates.

FOR A RACING COMMISSION.

Texas to Have a Law Legalizing Turf Sport and Betting.

Houston, Texas, Feb. 4.—Advices from Austin are to the effect that the house committee, after a lengthy series of hearings, has finally decided to report favorably a bill creating a racing commission for Texas. All matters referring to racing are to be passed on by this commission. Meetings are to be limited to fifteen days under the auspices of any one association and to thirty days within any one county; an absolute ban upon pool rooms or selling information to pool rooms within the state; the commission to control the betting, which must be under the Pari-Mutual system. The percentage, however, is all to go to the association holding the meeting.

Amusing Little Sport Stories

Charlie Mathews, the veteran billiard marker, who has come all the way down the line from Michael McDevitt to Willie Hoppe, slipped on the front step of his residence a few days ago and could not get up. When the doctors looked him over they discovered a compound fracture extending from the knee to the ankle, writes Hugh E. Keough in the Chicago Tribune.

"How old are you, Mr. Mathews?" asked the interne who was doping the case for statistics.

"Sixty-eight — and out," replied Charlie, in a dazed sort of a way, which goes to show that the ruling passion is strong even with a broken leg.

A few days after Charlie was permitted to get up and stir about a friend called on him with some flowers.

"I'm sorry to see you this way," said the friend, sympathetically.

"Oh, that's all right," returned the veteran marker. "I've been carrying a bridge so long that the crutch seems familiar."

* * *

Years ago when George Hankins had a gaudy "place" in Clark street, which, of course, is in Chicago, Mathews was his chef de liqueur. There came some sort of a misunderstanding. I can't think just what it was now, but, anyhow, Charlie was let out. He thought a lot of the job and swarmed upon a lot of the more influential of the regular customers to use their influence with Hankins to reinstate him.

Hankins listened to the delegation and then he said:

"All right, gentlemen, I'll put Charlie back if you say so, but I'll have to close the place."

* * *

Pat Dunne, the horseman—and a nephew of Ed Corrigan, by the way—seldom says anything, but when he does—wow! He has all of his uncle's ready wit and keen observance, but picks up few of his uncle's quarrels.

One day a paddock party, of which Pat was one, had an ill favored conspicuous individual on the pan. Everybody was disposed to take a wallop at this individual—everybody but Dunne.

Dunne eventually turned upon the most voluble roaster and said: "I don't see what reason you have to roast him. He was more merciful than you are. It took him six days to borrow $6."

* * *

They say that Charles Bush has gone the route over which no old man is ever given a chance to return. But he was a good man when he had it, albeit a keen collector.

One day he met Al Taylor, old time dealer and bookmaker, in the betting ring of the New Orleans fair grounds.

"I say, Mr. Bush," said Taylor in a casual way, "do I owe you anything?"

"Yes, Al," answered Bush, who always carried his books in his head, "you owe me $115."

"Oh, well," said Taylor, and drifted away.

"They met again during the afternoon and Bush reopened the subject.

"Al," he said, "why did you ask me if you owed me anything?"

"That's all right, Mr. Bush," said Taylor, cheerfully. "I just wanted to know. I thought the amount you stated was just about as much as I could."

TERRE HAUTE SENDS OUT CONTRACTS FOR 1909

Will Submit Contract to the Former Manager of the Tots.

Terre Haute, Ind., Feb. 4.—President L. D. Smith began on the task today of sending out contracts to the players under reserve, and while the list of men not yet signed is small, he expects to be occupied most of the week sending letters and contracts to all the men on reserve. Two men already have delivered their contracts. These are George Wheeler, outfielder, and "Heine" Eldred, infielder. Groeschow was not subject to reserve at the end of last season, but the deal that made him part owner and manager of the team brought his contract into the Tot strong box.

The men to be heard from are Alva Williams, catcher; George Schaffer, Claude Douthitt, H. F. Stout, pitchers; A. M. DeHaven and Orth Collins, outfielders. It probably will be necessary for Smith to submit a contract to Lew Drill, last year's manager, so the club will not release its hold on the catcher, but Smith has not decided what he will do in the case. He is still considering some offers for trades and there will be time to put through a deal before March 1.

Al "Piggy" Miner is still the property of the Terre Haute club, but his standing is that of a contract jumper. The club retains a hold on such players whether a contract is submitted or not. Smith has not decided what he will do in Miner's case.

Miner can not sign a contract with any other club in organized ball without the consent of Terre Haute. The local management is not disposed to keep the pitcher from an opportunity to make a living by playing ball, but if he has a chance to pitch this year the club he goes to will be compelled to adjust a few matters with Terre Haute.

Smith also has a claim on Cecil Coombes, the East Illinois league outfielder, who played a few games here at the close of the season. It is reported that Coombes has signed with Decatur and Smith has taken the matter up with the National Commission.

Stout did not report last season, but he was tendered a contract and since he has not been released he will be offered a chance to sign this year. Stout is a good pitcher and may decide to come to terms and try out with the squad.

Terre Haute lost only one player last year by draft. Cameron was taken by Oakland of the Pacific Coast league. Cooley was not reserved and Goodman, who was released just before the close of the season, has signed to play third for the Waterloo (Ia.) team in the Central association.

Jimmy Drohan was on the reserve, but he has been traded for Charles Bemis and the new man's contract is in hand. Groeschow was signed last year on a contract that provided he should be free at the end of the season. He agreed that he would not stand in the way of a trade if he could bring a good man to Terre Haute in case he landed a good place. Drill had engineered a deal with Topeka and Groeschow probably would have gone there if the managerial proposition had not been open to him. He comes to Terre Haute with a three years' contract as playing manager and one-sixth owner of the team.

Schrieber and Williams were sold to Indianapolis at the end of last season and it appeared that both would be needed by the Browns. When Livingstone was returned to Indianapolis it left a surplus of catchers and Watkins and Carr were willing to sell Williams to Terre Haute. He will be offered a Terre Haute contract with the other players who are on reserve.

There will be a general scaling down of salaries on practically all the players this year. Only the men who played top-notch ball last year can expect to get the same money this year. Since there has been a general reduction in all leagues the players understand the conditions and it is believed most of them will come through with their new contracts. There may be some little haggling about pay, but the old men so far heard from express willingness to observe the changed conditions.

The new rule in the Central league means that all the players must be the absolute property of the teams on which they are playing, and the highest salary will be $200, with a team limit of $1,800. Terre Haute will pay the top price for a star catcher if the right man appears, but the other members of the team must be satisfied with what they drew last year and in some cases a slight reduction. The new order of things is believed to be good for the players, since it will encourage fast men to show their quality and win promotions.

RED STOCKINGS GET MORIARITY.

Cincinnati, O., Feb. 4.—Shortstop William Moriarity, who belonged to the San Francisco club, although recently playing with the outlaw California league at Stockton, was today secured by the Cincinnati National league team. Moriarity had some time ago applied to the National Baseball commission for reinstatement, which application was today granted, his signing with Cincinnati immediately following.

THE SHOP AND RAILROAD NEWS

REMEMBERED OLD WATCHMAN.

Shopmen Give Victor DesPrez Cash and a Chair.

Victor DesPrez, for twenty-two years watchman at the Pennsylvania locomotive repair shops, was summoned to the machine shop at noon today and presented with a handsome oak frame Morris combination rocking chair and a pocketbook containing twenty-five dollars in cash. The presentation took place at the laying out department of the machine shop and General Foreman H. T. Hogan officiated as spokesman in behalf of the men who were responsible for it. Mr. DesPrez was taken completely by surprise and was so impressed by this evidence of good will and respect entertained by the men for him that he could not reply to Mr. Hogan at once. In his long association with the men at the shops, Mr. DesPrez was often able to perform little acts of kindness and accommodations for them and he never refused. In this and other ways he ingratiated himself into the feelings of the foremen and shopmen and all had warm spots in their hearts for the little old watchman. Mr. DesPrez was seventy years old in January and went on the retired list the first of February. Foreman E. E. Dildine, of the erecting shop, and Foreman H. T. Hogan, of the machine shop, acted as a committee in the selection of the presents.

CANADIAN PACIFIC PROJECT.

Will Extend From Pacific to the East.

Minneapolis, Minn., Feb. 4.—That a new transcontinental road entering Chicago and competing with the Great Northern, Burlington and Northern Pacific lines and the new Milwaukee line is practically assured is the belief of Minneapolis railroad men. The new line will be owned by the Canadian Pacific, and when completed will extend from the Pacific coast through Winnipeg, Duluth, Chicago and Detroit to eastern points. The deal has not been perfected, but it is announced on creditable authority that the Canadian Pacific will purchase the Pere Marquette line. This purchase, with the acquisition of the Wisconsin Central, will give the Canadian road a direct line through Chicago to Detroit, to connect at Detroit with the Eastern division of the Canadian Pacific.

TRAIN LOAD AUTOMOBILES.

Nine Car Loads of Machines for Auto Show at Chicago.

Some time tonight a special train of automobile cars loaded with machines for exhibition and sale at the Chicago automobile show next week will represent a value of several hun- Pennsylvania road. This will be the largest shipment of automobiles ever to pass this way and the train load will represent a value of several hundred thousand dollars. The train will run as a section of one of the fast passenger trains.

LARRY DOOLEY PROMOTED.

L. M. Dooley has been appointed trainmaster of the Omaha Terminal division of the Missouri Pacific road, effective February 1. Mr. Dooley was a passenger conductor for many years on the Chicago division of the Panhandle system and is known to all of the Pennsylvania passenger men of this city who run into Chicago. He began his railway work as a brakeman on the Wabash thirty years ago, running in and out of Fort Wayne. Four years ago he resigned as conductor on the Panhandle and took a position on the Rock Island, from which he retired Saturday to take his present position.

ROLLING MILL MEN HURT.

James Robinson fell a distance of twenty feet at the Rolling mills yesterday and sustained a broken foot and a fractured rib. He was at work on a scaffold when the accident happened. Jacob Meyers, who is employed about machinery at the mills, got one of his hands mixed up with the gearing of the large shears and the middle finger was so badly crushed that a portion of it had to be amputated. The injured men were taken to St. Joseph hospital, where they will remain until able to resume work.

"POWER PLANT OPERATION."

"Data on Power Plant Operations" will be the subject of a paper to be prersented to the Fort Wayne section of the American Institute of Electrical Engineers at a meeting to be held Thursday evening, February 11, in the office of the Fort Wayne Engineering and Manufacturing company, at Calhoun and Jefferson streets. The paper will be read by M. J. Kehoe and a general discussion upon the subject will follow the lecture.

DOES WORK OF TWO MEN.

The automatic electrical pump at the Wabash pumping house on the St. Mary's river was placed in full operation yesterday and the two men, Michael Ryan and Jacob Huntine, who had been so long employed there, will take up other work. Mr. Huntine will go into the company's shops in this city and Mr. Ryan will return to his former home in Climbers, where a job awaits him. The electrically operated pump is working admirably.

FILLING LUMBER YARDS.

All the dealers in lumber in the city anticipate a big trade in the spring and are getting a big stock on hand. George Krudop said this morning that he was putting in thirty car loads and expected to get more in a few months There is going to be unusual activity in the building trade as soon as spring opens, most of the buildings being small dwelling houses.

WOMEN'S LABEL LEAGUE.

The Women's Label League will have a meeting at Carpenters' hall tomorrow evening to review the situation and settle some important matters that will come up for consideration, included being the selection of a hall for meeting purposes. The officers desire a full attendance tomorrow evening.

YOUNG MURDOCK SUCCEEDS.

Evansville, Ind., Feb. 4.—At a meeting of the Directors of the Evansville and Southern Indiana Traction company, held here, Samuel T. Murdock, of Lafayette, Ind., was elected president of the company to succeed his father, the late James Murdock, of Lafayette.

SHIPPING POWDER TANKS.

Four car loads of big steel tanks designed for the manufacture and storage of powder will leave the Bass boiler shops tomorrow for Washington, where they will become a part of a big plant to be installed by the Dupont Powder company.

HAD WRIST BURNED.

Machinist Fred W. Mennewisch will be absent from the Pennsylvania shops a few days as the result of an accident at the depot while he was making some repairs to the heating plant. A stream of hot water poured out unexpectedly and ran across the back of his hand, producing the wound.

INDUSTRIAL NOTES.

H. M. Weaver, of the Pennsylvania shops, is sick and off duty.

Roy Thompson has taken a position at the Pennsylvania power plant.

Tony Ranzel, an Italian, took a position at the Pennsylvania coal docks this morning.

Shell Conover has taken a position in the mailing department of the Fort Wayne Electric works.

John P. Schmit, who had been sick, reported for work at the Pennsylvania blacksmith shop this morning.

Machinist Charles Majors, who was sick a day or two, has reported for work at the Nickel Plate round house.

Samuel Rothrock, a construction man, went to St. Paul yesterday on business for the Fort Wayne Electric works.

Joseph Labbe, of the Pennsylvania round house, and Mrs. Labbe will be the guests of friends in Chicago next week.

M. S. Tracy, chief draughtsman at the Pennsylvania shop office, went to Pittsburg this morning on business for the company.

The Wabash Continental Limited from the east was three hours and ten minutes behind schedule when it arrived at Fort Wayne today.

After a three weeks' visit in Chicago, Cleveland and Cincinnati, Boilermaker Daniel Donahue resumed his duties at the Bass works this morning.

Brakemen N. S. Patton and R. J. Bowers are sick and Brakemen C. E. Wine and C. F. Goodyear are taking a lay off to look after some private affairs.

Dahlgren Banning, who has been sick since the beginning of the year, is getting better and is expecting to resume his duties at the office of the Electric company in a short time.

On board of the Continental limited which left the city at 2o'clock were Mr. and Mrs. J. Edwards and son, bound for Fresno, Cal., and Sheldon Allen, bound for Texarkana, Ark.

Mr. S. Willson, of the Fort Wayne Electric works, received a telegram this morning, announcing the birth of a daughter to Mr. and Mrs. H. L. Willson, of Grand Forks, N. D., yesterday.

Nickel Plate Conductor B. A. Dent has recovered from an illness which kept him from work about two weeks. Conductor E. W. Hindel, who had been attending to some private affairs, has also reported for work on the road.

A heavy piece of metal dropped upon one of the feet of John Rupp as he was at his work in the Pennsylvania blacksmith shop yesterday and severely bruised some of the toes, disabling him for a few days.

Pennsylvania train No. 24, due in this city at 11:55, will hereafter stop at Warsaw to take on and let off passengers. The train is a fast one, leaving Chicago at 8 o'clock in the evening and arriving in Pittsburg at 8 o'clock the following morning.

T. L. Comparet resumed his duties at the Bass offices, on Hanna street, this morning, after an absence of two weeks on account of the illness of his little son, who had a severe attack of diphtheria. The little patient is rapidly recovering.

E. M. Holden, a Nickel Plate brakeman, has returned from the state of New York, where he was a witness for the defense in a manslaughter case. The killing occurred three or four years ago and the defendant was acquitted of the charge.

While at work in the wheel gang yesterday, E. C. Desprez had one of his wrists caught under a pinch bar and painfully sprained and bruised. He barely missed worse injury by the wheel he was handling falling on him.

H. K. Johns, superintendent of the General Electric lamp works in this city, is attending a meeting of other factory superintendents at Toledo today. The plants represented at the meeting are those at Fort Wayne, Toledo, Newark, N. J.; West Lynn, Mass., and Harrison, N. J.

Stephen Moser, for some time a machinists' helper at the Wabash shops, has been transferred to the freight department, with a position at the ware house. G. W. Wagner, also a machinists' helper, resigned yesterday to take up other kind of work.

The Indiana Railway commission has laid the blame for the wreck at Carthage, on the Big Four, upon the crews of the colliding trains and has demanded the dismissal of the men from the train service. Three persons were killed in the accident, one of them, Ray Anson, being a resident of Warsaw.

The work looking towards the establishment of a pension system on the B. & O. similar to that of the Pennsylvania has advanced to the point where announcement is made that the system will probably become operative June 1. The files contain the names of over 60,000 employes, a good many of whom will soon be of pension age.

A record-breaking work was accomplished in the way of track repairs at the scene of the Pennsylvania wreck near Ada, O., Tuesday, when two section gangs put in fifty-five new ties and eleven new steel rails in thirty-five minutes. The necessity for the repairs was brought about by the burning of a caboose, which warped the rails and burned the ties.

Assistant Supt. C. A. Cousar, of the Bass foundry, went to Chicago this morning to look after some business. Mr. Cousar is captain of the foundry's bowling team and he will also get some pointers on the game, to be applied in the contest with the main office team, which has been postponed from Friday to Saturday evening on account of the absence of Mr. Cousar.

H. M. Curtis, a machinists' helper at the Pennsylvania round house, has been appointed night hostler, which is a promotion for him. He succeeds David Carr; resigned on account of poor health to take a day job at the round house. Mr. Curtis has been employed at the round house for a number of years, commencing there in the capacity of caller of engine crews.

Joseph Younger, the Wabash agent at Colburn, who plead guilty to the charge of attempting to pass forged checks, was released by the judge upon the promise of the prisoner to refrain from drinking and to walk in the narrow path of rectitude in the future. The father made good the young man's shortage. The Wabash has dismissed Younger from its employ and will put a new agent at Colburn in a day or two.

At a conference between the passenger officials of the Wabash, the Pennsylvania, the Baltimore and Ohio and the Pittsburg and Lake Erie at the Fort Pitt hotel in Pittsburg last Tuesday, the Wabash was victorious in its fight for better differentials on Pittsburg-Chicago passenger business. The Wabash has been making a rate between those terminals of $8.45 per head for parties of ten and hereafter the company will be permitted to reduce the fare to $8.

Machinist Adam Collis, of the Pennsylvania shops, has received the glad tidings that his son, who two weeks ago was very sick at Tucson, Arizona, has greatly improved and is now practically out of danger. Mr. Collis immediately began preparations for going to Tucson to see his boy upon the receipt of the first message concerning his condition and as his passes came yesterday, he will make the trip as intended, leaving the latter part of the week.

BALL PLAYER'S CASE CONTINUED FOR A DAY

Jake Hillinger is Charged With Failure to Keep Child.

Jake Hillinger, who has been playing ball for a number of years with the independent teams in this and the adjoining counties, was in the city court today on a charge of neglecting his child. The affidavit was filed by his wife and he was not asked to plead as the state wanted a continuance until Saturday morning. His bond was fixed at $50 and he was taken to jail.

Judge Takes a Day.

After hearing further evidence in the case against William Bowser, who is charged upon the evidence of a couple of little girls with a most revolting crime, and who introduced some people from the American Salvation army who testified as to his previous good character Judge Skelton continued the case until tomorrow.

Bowser has been here a number of months and the most of his time has been put in between the two branches of the army and the man who took him in and provided him a home said that he made no effort to secure employment and seemed content to sit in a rocking chair and allow somebody else to provide for him.

The Other Cases.

Six vags picked up by the police yesterday were able to give good accounts of themselves and along with two cripples who have been begging and spending their money in saloons, were given time to leave the city.

Robert Daily and William White, plain drunks were up and the former was ordered out of the town and the latter let go under a suspended fine of $1 and costs.

John Jones, the name assumed by the son of a retired contractor, was up for drunkenness and his case was continued until tomorrow morning.

Bruce Walker, plain drunk, got $1 and costs.

AMAZING SURGICAL FEAT SEEN.

Knee From Corpse Is Successfully Grafted on Living Sufferer.

Washington, D. C., Feb. 4.—Doctors at the Georgetown University hospital witnessed a remarkable operation performed there several days ago by Dr. George Tully Vaughan of this city, on George A. Kelly, aged 29. The bones of Kelly's knee were so badly diseased that Dr. Vaughan decided on amputation.

In the hospital was a man about to die. Dr. Vaughan obtained permission from the dying parent's family to remove the left leg in the event of death, and it was decided that the knee of the dead man should be grafted to the leg of the living sufferer.

The transfer was duly made. The bones were riveted together by slender, strong wire and the most delicate phase of the operation, that of joining the ligaments caused the surgeons to work as they probably never labored before. Every tissue, tendon and muscle was joined and the bones fastened together. Kelly is said to be improving rapidly.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Feb. 4.—Further advances were made in wheat prices here today, following the sharp upturn of the previous session, the May delivery touching $1.10¼ during early trading. The strength of the Liverpool market where prices were up ⅝ to 1 penny was one of the chief bullish influences. Talk of sales of a large quantity of flour yesterday at Minneapolis, however, added materially to the bullish sentiment. At the opening prices were ⅛@¼c lower to ⅛@¼c higher with May at $1.09½ to $1.09¾. Later May sold at $1.10¼.

The high point for May wheat was reached at $1.10⅝. Later the market was inclined to sag on selling credited to leading holders, but prices at no time went below yesterday's closing quotations. The close was steady with May up ⅛@¼c at $1.09⅞.

Trade in corn was fairly active and the market was firm, owing to the continuance of light acceptances reported from the country. There was a general commission house demand, while offerings in the pit were somewhat meager. May opened unchanged to ⅛c higher at 63⅞c to 64c and sold at 64@64⅛c.

Sentiment in the corn pit became a trifle bearish during the final hour and May sold off to 63⅝c. The close was easy with May off ⅛c at 63¾c.

Oats were barely steady, owing to moderate realizing by local longs. The bulk of trading early in the day was in the May delivery, which opened unchanged to a shade lower at 52⅛c to 52⅜@52½c and later sold at 52⅛c.

Provisions were dull and easy. Liberal receipts of live hogs at western packing centers caused moderate profit taking. Prices at the opening were a shade to 5c lower.

The Close.

Prices at the close were as follows:

Wheat—May, $1.09¾; July, 98½@98⅝c; September, 94½c; December, 95¼c.

Corn—February, 60¼c; May, 63¼c; July, 63¼c; September, 63⅛@63¼c.

Oats—May, 52c; July, 46½@46⅝c; September, 39½c.

Rye—Cash, 76@76½c; May, 78@79c.

Barley—Cash, 61@67c.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Feb. 4.—Quite a number of stocks showed gains at the opening today but the most important issues were lower. The movement was sluggish and indifferent. Loss of a point in Anaconda was the only important change.

An inquiry for the Gould stocks had a stimulating effect on the market, but the advances were subsequently lost when an outbreak of liquidation in Consolidated Gas started heavy selling of Reading and Union Pacific. Consolidated Gas dropped 3¾, Reading, Union Pacific and American Smelting gave way 1 point, American Woolen 2¼ and most of the active stocks sagged below yesterday's closing prices. Among the gains were Missouri Pacific and International Paper preferred 1½, Denver & Rio Grande, Texas & Pacific, New York, Chicago & St. Louis and American Sugar 1 point.

A steadier tone developed. Consolidated Gas making up about half its loss and the general list a good fraction. Western Maryland went up 1¾, Pittsburg, Cincinnati, Chicago & St. Louis 1¾, and Baltimore & Ohio preferred and Detroit United Railways 1. Bonds were irregular.

The tone was easier, but there was not enough movement to cause any material change in prices. Canadian Pacific, Utah Copper, National Biscuit and United States Realty fell 1 point, and Reading 1¾. Union Gas improved 1½ and New York, Chicago & St. Louis second preferred 1 point.

An interval of heaviness followed the decline in Reading in which Louisville & Nashville and Northern Pacific lost a point and Chicago Great Western 1½. Purchases of the Gould stocks again had a strengthening effect on the market. Chesapeake & Ohio rose to 67, and Denver & Rio Grande rose 1⅝.

The market closed irregular and active. The circulation of an estimate of the benefit to fall to the Wisconsin Central from its connection with the Minneapolis, St. Paul & Sault Ste Marie was followed by a rise of 4½ in that stock. Denver & Rio Grand rose an extreme 3⅝. Twin City Rapid Transit also gained 2¾, Wisconsin Central preferred and Colorado & Southern 1¾, Denver & Rio Grande preferred 1½, and American Car 1. These special advances did not prevent a sagging tendency elsewhere, some stocks getting back to the lowest. North American lost 1 and Canadian Pacific 1½.

LOCAL MARKET EPITOME.

There were fairly good activities on the wholesale produce market this morning, resulting in the price of eggs dropping another notch and in the butter market gaining firmer ground. The buyers were after the best quality in this line, but the receipts were very light. Chickens were in fairly good receipts and the demands were good, the article selling at 11@11½c per pound. There was nothing doing in the other lines.

Said G. H. Crouse, of the commission house of G. H. Crouse & Co., this morning: "Receipts tomorrow ought to be pretty fair as the weather will likely be nice. Buyers for chickens and butter will be in evidence and the prices will hold firm. The conditions existing in the egg market are not very favorable."

Other Fort Wayne markets remained the same today.

Folding Card Tables

For Rent or for Sale.

We have special featherweight folding tables and chairs which we rent only for exclusive parties. They are mahogany finish covered with green imitation leather. We deliver them in specially constructed cases and particular care is taken to keep them in good condition so there is no danger of soiling ladies gowns. They occupy very little space when not in use.

We also rent special banquet table tops for dinner parties. They are placed on dining table and seat 14 people.

CITY BREVITIES.

J. W. Staub, of Indianapolis, is visiting with his brother, A. H. Staub.

It is now believed that as a result of the last operation performed for the elimination of the facial blemishes, that Miss Edna Laemmermann will not be disfigured in any way as the result of her terrible experience when her scalp was torn from her head nearly a year ago in a local laundry.

The gold watch and chain found at Harlan on Tuesday by a Sentinel representative belongs to Miss Helen Reichelderfer, of that place, and she may have the same by calling at 122 West Main street, this city. Miss Reichelderfer is a niece of Sheriff Aaron Reichelderfer.

Lieut. C. W. Densmore, of the state navy recruiting service, was in the city yesterday and of the eight applicants on hand, due to the energies of Master-at-Arms P. B. Golden, the following six were enlisted and sent to Norfolk, Va., this morning: Charles A. Ludwig, Sheldon, Ind.; Fred H. Moenter, Leipsic, Ohio; Russel S. Ulmer, Fort Wayne; Robert J. Espich, Plymouth, Ind.; Roscoe E. Thomas, Montmorenci, Ind., and John Buzzard, of Butler, Ind.

Pimples and Blackheads
Are quickly and permanently cured by Zemo. A clean liquid for external use. Zemo draws the germs and the blackheads to the surface of the skin and destroys them, leaving a clear healthy skin. Zemo is now recognized the most successful cure for skin diseases that has ever been produced. Sold by Meyer Bros. Co. Three Drug Stores.

Delicate Lace Curtains Should Be Carefully Cleaned

A special feature of our new French Dry Cleaning department is the careful handling of fine Lace Curtains and Portieres. This work receives the most careful attention, removing all dust and dirt without injury to the delicate texture of lace or silk, and restoring the original freshness by a new dry process. We wish to call the attention of housekeepers to this branch of our business before spring housecleaning time, and solicit trial orders.

Spring Batistes
12 1-2c a Yard

These new Batistes, fine in weave, beautiful in design and coloring, are here, waiting to be fed to hungry sewing machines. They are shown in the regular figured effects, or with a border pattern.

The popular dots, and narrow stripes, are printed in tans and browns—serviceable navy, crisp black and white—all summery, pretty dress stuffs that will make up charmingly. Regular 15c values.

DR. WELLS SCORES NEW SUCCESSES.

Among the hundreds of people in this vicinity who have been cured of bad cases of skin diseases, these two remarkable cases are fair samples of what can be accomplished by the use of Light Therapy in skillful hands:

Mrs. Sharpenberg, of Maples, says: "I had a very bad case of eczema on the face, arms and ankles for twenty-three years. I was cured by Dr. H. O. Wells, of Fort Wayne, in a short time. After several months there has been no return of the disease.
MRS. AUGUST SHARPENBERG."

Mr. Maddox, a well known citizen of Fort Wayne, says:

"I had eczema in a most annoying form for over twenty years. I tried every remedy I ever heard of with no benefit; in fact they did more harm than good. Dr. Wells cured me in a very satisfactory manner and I recommend his treatment to others.

You Are Burning Up

You are burning up hard earned dollars. Living is expensive enough to cause the average man to think twice when he is paying his fuel bill for his kitchen stove.

Is your bill large, and do you want to cut it in half? Most all fuel bills can be cut in half if our IDEAL GAS RANGE is used in the kitchen. This can be easily proven to you if you care to look into the matter. It's your dollars that are being wasted and you should be interested. Come in and talk it over. Price not high, quality way up.
